Borough of
Pendle

Appendix A: Local Development Scheme

- A1.1 Table A1 is the LDS timetable which was approved in June 2014. This timetable was inforce during the monitoring period and is the one used to assess the progress of the preparation of local plan documents in the 2015/16 monitoring period as set out in Section 3.

Table A1: Local Development Scheme 2014

Month and Year		2014												2015												2016												2017												2018

NOTES:

- [1]** Where stages have been completed prior to January 2014, the milestones are not shown in this timetable.
- [2]** In line with Regulation 22 of the Town and Country Planning (Local Planning) (England) Regulations 2012, an amended Proposals Map will be submitted with each DPD.

KEY:

Development Plan Documents		Supplementary Planning Documents		Community Infrastructure Levy	
	Consult statutory bodies on the scope of the SA		Consult statutory bodies on the scope of the SA		Evidence gathering and/or document preparation
	Evidence gathering and/or document preparation		Evidence gathering and/or document preparation		Informal consultation
	Regulation 18 - Local Plan Preparation				
	Key Stage - Issues and Options consultation (Optional)				CIL Regulation 15 - Consult on preliminary draft charging schedule
	Key Stage - Preferred Options consultation (Optional)				
	Other site allocations consultation				
	Regulation 19 - Publication of the Local Plan		Regulation 12 - Publication of SPD		CIL Regulation 16 - Publication of draft charging schedule
	Regulation 22 - Submission to the Secretary of State				CIL Regulation 19 - Submission
	Pre-hearing meeting				
	Regulation 24 - Independent Examination		Regulation 13 - Consideration of Representations		CIL Regulation 20 - Examination
	Regulation 25 - Publication of the Recommendations				CIL Regulation 23 - Publication of examiners recommendations
	Regulation 26 - Adoption of the Local Plan		Regulation 14 - Adoption of SPD		CIL Regulation 25 - Approval and publication of charging schedule

Appendix B: Data collection methodology

- B1.1 For a number of years the Planning Policy Team has collected data relating to the granting of planning permission and the completion of development for a number of different uses: Housing (C3), Employment (B1, B2 and B8), Retail and Leisure (A1, A2, A3, A4, A5, D2). The methodology for collecting this data has developed over time to take account of changes to policy and the need to collect additional information.
- B1.2 This appendix sets out the methodology for the collection of data and the process of site visits. Although the methodology is similar for each type of land that is monitored there are some differences which need to be explained.

General methodology

- B1.3 The data for the development of each land type is held in three databases. This allows for the continuous updating and monitoring of sites for different uses. The development of these databases has been guided by the monitoring requirements set at the national and local level. The indicators set in the Core Strategy and other local planning documents have been used to determine the data that needs to be collected. These requirements change over time and new fields are added to the databases to record any new information where necessary.
- B1.4 Each site granted planning permission for new development in the 2015/16 monitoring period has been logged as a new record in the databases. Preliminary information obtained from the planning application files, along with details such as site area and site density – based on a Geographic Information System (GIS) plot of each site – are then added.
- B1.5 Site visits are undertaken as soon as possible after the 1st April each year, in order to assess the status of each site on the database. One of the following status options is assigned to each site to indicate its current status:
- **Available** – no work has been started, or work remains incomplete;
 - **Complete** – the planning permission granted has been implemented and work on the site has finished;
 - **Lapsed / Expired** – no work has been started and the expiration date for the permission has been exceeded.
- B1.6 All new sites approved during this monitoring period, along with those sites from previous surveys which remain ‘available’, are assessed. In this way the survey maintains an accurate (rolling) record of the current stock of permissions.
- B1.7 All completed sites are also listed in the report. Sites that are part complete remain ‘available’.
- B1.8 In the housing database those completed units on partially developed sites are counted in the completion totals. This allows an annual assessment of progress against land provision targets to be made.

Generic fields in all databases:

B1.9 All the land monitoring databases have the following fields to allow for the unique identification of sites:

- **Site Ref.** – site reference number taken from the relevant land monitoring database. This field is included in the report as a unique site identifier, to enable quick referral back to the database record and any other relevant information.
- **Site Name and Address** – site name and address taken from the planning decision notice.
- **App. No.** – the planning application reference number assigned by Pendle Borough Council. This can be used with the online planning archive to view details of the application:
(http://www.pendle.gov.uk/info/20070/planning_applications/250/how_to_view_and_comment_on_a_planning_application).
- **Permission** – description of work to be undertaken, as detailed on the decision notice.

Losses of alternative (previous)uses are also recorded. (e.g. if a shop is being converted to a house the loss of the A1 use is recorded).

Specifics in the Housing Database:

B1.10 The Housing Land Monitoring database includes the following additional fields which are used to record the key housing statistics:

- **Total No. of Units** – the total number of new dwelling units, taken from the decision notice.
- **Total Com.** – the total number of dwelling units completed on the site since planning permission was granted. This may include completions from previous monitoring periods.
- **Total New Com.** – the total number of new dwelling units completed within the 2015/16 monitoring period. This is the figure used to calculate the total housing completions figure for 2015/16, when added to the completed sites figure as detailed in Appendix K1.
- **Not Start.** – the total number of dwelling units granted planning permission where construction work has not yet started.
- **Under Const.** – the total number of dwelling units granted planning permission where construction work has begun, but the units remain incomplete.
- **Total Avail.** – the total number of dwelling units on the site classified as ‘available’ i.e. the total number of units not started and/or under construction.
- **Area Avail. (ha)** – the total area, in hectares, left available on the site with planning permission for new housing. If the site is partially complete then a proportion of the total site area, relative to the total number of units completed is used.
- **Category of development** – the different categories of development are presented in Table B1 below.
- **Expiry date** – shows the date the planning permission will expire if the scheme is not started. Where a site remains listed on the Availability Schedule (Appendix K2), but the expiry date has been exceeded, this reflects the fact that planning regulations permit a permission to stay open provided that work has been started. It should be noted that there may be cases where work on the site has commenced, but no specific work has started on the dwellings themselves. In these cases the Availability Schedule (Appendix K2) may record the dwellings as ‘not started’ and the permission date will be shown as expired, however because a technical start has been made the permission will still be valid and count towards the number of available dwellings.

- **Type and Size** - the specific type of housing (detached, semi-detached, terraced/townhouse, flat, other) and the number of bedrooms. This information is used to see if the requirements of the Core Strategy Policy LIV5 are being met in terms of providing a better mix of dwelling types and sizes. It will also help to inform future reviews of the Strategic Housing Market Assessment.

Table B1 – Category of development

Category	Description
Windfall : Outline permission	Sites where outline planning permission has been granted on land not allocated in the Local Plan for housing purposes.
Windfall : Full permission	Sites where full planning permission has been granted on land not allocated in the Local Plan for housing purposes.
Windfall : Reserved Matters	Sites where planning permission for reserved matters has been granted on land not allocated in the Local Plan for housing purposes.
Windfall : Amended scheme	Sites where planning permission for an amended scheme has been granted on land not allocated in the Local Plan for housing purposes.
Allocated : Outline permission	Sites where outline planning permission has been granted on land allocated for housing purposes either in the current or a previous adopted Local Plan.
Allocated : Full permission	Sites where full planning permission has been granted on land allocated for housing purposes either in the current or a previous adopted Local Plan.
Changes of use (conversion)	Sites where planning permission has been granted to change the use of a building for residential use (i.e. convert a building from a previous use to housing) with the exceptions of sub-divisions of existing dwellings and agricultural barn conversions.
Conversion of existing dwelling (sub-division)	Sites where planning permission has been granted to create additional dwelling(s) from an existing dwelling (e.g. subdivision of a house to flats).
Barn conversions	Sites where planning permission has been granted to convert an agricultural barn to residential use.

Specifics in the Employment Database

B1.11 The Employment Land Monitoring database includes the following additional fields which are used to record the key employment land statistics:

- **Site Area (ha)** – total area of the site in hectares using the boundary from the approved plans (1:500).
- **B1 (ha)** – element of the total site area (ha) approved for B1 development.
- **B2 (ha)** – element of the total site area (ha) approved for B2 development.
- **B8 (ha)** – element of the total site area (ha) approved for B8 development.
- **Floorspace (m²)** – internal floorspace of the premises constructed on the site in square metres.
- **B1a, B1b, B1c (m²)** – element of the total floorspace (m²) approved for B1 (a, b or c) development.
- **B2 (m²)** – element of the total floorspace (m²) approved for B2 development.
- **B8 (m²)** – element of the total floorspace (m²) approved for B8 development.
- **Perm. Type** – identifies whether the planning permission granted is for Full or Outline permission or Reserved Matters.
- **Class.** – indicates whether the development is on previously developed land (brownfield) or undeveloped land (greenfield).
- **Emp. Area** – illustrates if the development is located within a designated Protected Employment Area (Policy 22, Replacement Pendle Local Plan

2001-2016).

For both the Site Area and Floorspace categories the total amount, available amount, annual completion and cumulative completion amount is recorded.

Specifics in the Retail and Leisure Database

- B1.12 The Retail and Leisure Land Monitoring database includes the following additional fields which are used to record the key retail and leisure land statistics:
- **Site Area (ha)** – area of the site boundary in hectares as detailed on the submitted plans (1:500).
 - **Internal floor space (m²)** – floorspace excluding all external and internal walls of the new development. Where this is not stated on the application form it has been measured from the plans submitted.
 - **Location of Dev.** – illustrates if the development is located within a relevant designated retail or town centre area. Possible options are Town Centre, Local Shopping Centre, Local Frontage, Edge of Centre and Out of Centre Shopping Area. If a site is located in none of these areas its location is set to Elsewhere.

Appendix C: Indicator Index

- C1.1 This Authority's Monitoring Report provides data on a number of indicators that have been identified in various planning policy documents. Table C1 provides a summary of the indicators, outlining the document in which they are found, the indicator reference and the type of indicator.
- C1.2 Table C2 provides a definition/explanation for each indicator and the links to the policies within the Local Plan, Core Strategy or Bradley Area Action Plan to which they relate.
- C1.3 In recent years there has been a rationalisation of the data that is collected by the Office for National Statistics (ONS), Lancashire County Council (LCC) and other organisations. This means that in some cases data is no longer available and the associated indicators in the AMR can no longer be monitored. In these cases consideration has been given to finding an alternative data source or alternative indicator to monitor. However, this is not always possible and so some indicators have been removed. These are denoted by strikethrough text in the tables below.

Table C1: AMR indicators and their relationship to document indicators

Ref.	Indicator name	Old Ref.	Former Indicator Name	Documents and type of indicator
Spatial Development and Infrastructure				
SD01	Amount of new development completed in each settlement (in ha)	CSI1	Percentage of new development delivered at each hierarchy level	Core Strategy
SD02	Amount of new development completed in the following locations (in ha): <ul style="list-style-type: none"> Town Centres Within a Settlement Boundary In the Open Countryside 	LI10	% of new developments in town centres, within a settlement boundary, within the open countryside	AMR (Local Output Indicator)
SD03	Amount of new development completed on PDL in the following locations (in ha): <ul style="list-style-type: none"> Borough-wide Conservation Areas Bradley AAP area 	CASPDSE3	Percentage of development built on previously developed land – within conservation areas	Conservation Area SPD Sustainability Appraisal (Significant Effects Indicator)
		BAAPSEI23	% of developments on previously developed land in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
SD04	Progress against the Infrastructure Delivery Schedule	CSI8	Progress against the Infrastructure Delivery Schedule	Core Strategy
SD05	Number of times the Design Principles SPD has been used as a reason for refusal of a development	DPSPDSE2	Number of applications permitted, that are contrary to the SPD guidelines	Design Principles SPD Sustainability Appraisal (Significant Effects Indicator)
Environment (including Renewable Energy and Transport)				
EN01	Amount of energy generated (or potential to generate) by renewable sources for completed developments and those with planning permission, by: <ul style="list-style-type: none"> Type (e.g. solar, wind etc) 	E3	Renewable energy generation	AMR (Core Output Indicator)
		CSI21	Number of, and amount of energy (MW) generated by completed renewable and low carbon energy developments	Core Strategy
		CSSEI35	Percentage of Energy Generated from Renewable Resources	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI37	Number of planning applications approved which include installed capacity for energy production from renewable sources	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		DPSPDSE1	Planning permissions granted with integral renewable energy schemes	Design Principles SPD Sustainability Appraisal (Significant Effects Indicator)

Ref.	Indicator name	Old Ref.	Former Indicator Name	Documents and type of indicator
		CASPDSE5	Proportion of renewable energy schemes within a conservation area, compared to the Borough as a whole	Conservation Area SPD Sustainability Appraisal (Significant Effects Indicator)
EN02	Amount of CO ₂ emissions in Pendle by source (including trends over time)	CSI25	Annual level of carbon (CO ₂) emissions in Pendle by source.	Core Strategy
		CSSEI40	CO ₂ emissions per capita per annum	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI26	Per capita reduction in CO ₂ emissions within Pendle	Core Strategy (proposed indicator)
EN03	Number of developments meeting the 10% renewable and low carbon generation requirements	CSI20	Percentage of planning permission granted which meet the 10% renewable and low carbon energy requirements	Core Strategy
EN04	Average energy consumption of new buildings (including trends over time)	CSSEI36	Reduction in Energy Consumption	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI41	Average energy efficiency in new buildings	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN05	Amount of land designated for biodiversity/geodiversity importance and its condition (including changes in area and condition) by: • Type of designation	E2	Changes in areas of biodiversity importance	AMR (Core Output Indicator)
		CSI10	Amount of land designated for its wildlife value	Core Strategy
		CSSEI48	Changes in Areas of Biodiversity Importance	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI49	Area and condition of sites of International, National, Regional and Sub-Regional Significance	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI50	Percentage of SSSIs in favourable condition	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI11	Amount of new woodland planted (through the development process)	Core Strategy
EN05a	Net change in area of land supporting s41 Priority Habitats and Species	-	-	Core Strategy
EN06	Number of new developments completed which incorporate beneficial biodiversity features	BAAPSEI25	Number of projects with planning obligations to build in features of geodiversity / biodiversity.	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSSEI51	Number of new developments which have incorporated biodiversity assets.	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN07	Quality of open space by location using: • Quality scoring • Green Flag Standards	LI8	Amount of eligible open spaces managed to green flag award standard	AMR (Local Output Indicator)
		BAAPSEI14	Area of open space and its condition in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSI13	Quality score of open space	Core Strategy
		CSSEI33	Amount of open space managed to Green Flag Award standard	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN08	Provision of open space by type and by location (including trends overtime)	LI9	Open space provision by ward	AMR (Local Output Indicator)
		BAAPI5	New green space / urban park and equipped play areas on sites identified in Policy 4	Bradley AAP Indicator
		CSI12	Amount of new open space created	Core Strategy
		CSI47	Amount of additional open space created as part of new housing developments	Core Strategy
		CSI62	Increase in amenity greenspace recorded in the Pendle Open Space Audit	Core Strategy
		CSSEI32	Open Space Provision by ward	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI69	Increased provision of open space	Core Strategy
EN09	Number of properties within 400m of open space in the Bradley AAP area	BAAPSEI16	% of the properties within 400m of open / green space in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
EN10	Number and condition of designated heritage assets by location (including the Bradley AAP area)	BAAPSEI17	Number of historic buildings restored / improved in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSSEI30	Number and condition of listed buildings	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI31	Number and condition of scheduled monuments	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI14	Number of designated heritage assets	Core Strategy

Ref.	Indicator name	Old Ref.	Former Indicator Name	Documents and type of indicator
EN11	Number of development schemes refused planning permission on the grounds of poor design	CSI15	Number of planning applications refused on the grounds of poor design	Core Strategy
		CSI71	Number of planning applications refused on the grounds of poor design	Core Strategy
EN12	Number of development schemes refused planning permission on the grounds of impact to a heritage asset	CSI16	Number of planning applications refused on the grounds of impact on a heritage asset	Core Strategy
		CSSEI29	Number of Planning Applications Refused on the Grounds of Impact to a Conservation Area	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		LI12	Number of planning applications refused on the grounds of the impact to a Conservation Area	AMR (Local Output Indicator)
EN13	Total amount of waste collected per household and amount sent for recycling, energy generation, composting, landfill	CSI28	Percentage of household waste sent for reuse, recycling and composting	Core Strategy
		CSSEI43	Percentage of domestic waste that has to be used to recover heat, power, recycled, composted and sent to landfill	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI42	Total amount of waste collected per household	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN14	Quality of rivers and streams in Pendle by: -levels of organic and nutrient enrichment in rivers and streams, -levels of chemical pollution (priority substances and ammonia), and -cumulative impact of abstractions on local watercourses.	CSI29	Level of impurities in rivers and streams	Core Strategy
		CSSEI46	Biological and Chemical Quality of Rivers	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN15	Amount of vacant, derelict and contaminated land by: • Location	CSSEI44	Area (in hectares) of land affected by contamination	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI45	Amount of vacant and derelict land	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		BAAPSEI13	Area of contaminated land / derelict land in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
EN16	Number of buildings achieving a BREEAM rating	CSI19	Number of commercial building built achieving a BREEAM rating	Core Strategy
		CSI73	Number of public buildings built achieving a BREEAM rating	Core Strategy
		CSI61	The number of BREEAM ratings achieved	Core Strategy
		CSI60	Record the number of applicants indicating in their Design and Access Statements if a BREEAM rating is to be achieved by the proposed development	Core Strategy
EN17	Number of developments in a conservation area using natural stone and/or slate compared to the total number of developments in conservation areas	CASPDSE4	Assessment of the use of natural stone and slate	Conservation Area SPD Sustainability Appraisal (Significant Effects Indicator)
EN18	Number of properties in flood zones 2 and 3 (including trends over time)	CSSEI38	Number of properties at risk from flooding	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN19	Number of planning permissions granted contrary to advice from the Environment Agency on flooding and water quality grounds	E1	Number of planning permissions granted contrary to Environment Agency advice on flooding and water quality grounds	AMR (Core Output Indicator)
		CSI27	Number of planning approvals granted contrary to advice from the Environment Agency	Core Strategy
		CSI30	Number of planning permissions granted contrary to advice of the Environment Agency	Core Strategy
		CSSEI47	Number of planning permissions granted contrary to Environment Agency advice on flooding and water quality grounds	Core Strategy Sustainability Appraisal (Significant Effects Indicator)

Ref.	Indicator name	Old Ref.	Former Indicator Name	Documents and type of indicator
EN20	Number of developments incorporating flood risk management actions including the use of SUDS	CSI31	Percentage of agreed actions to implement long term flood risk management plans that are being undertaken satisfactorily	Core Strategy
		RSASPDSE3	Number of Sustainable Urban Drainage Systems (SUDS) included in new development schemes	Railway Street Area SPD Sustainability Appraisal (Significant Effects Indicator)
EN21	Length of the river corridor in the Bradley AAP area that have been improved (including the length within a culvert)	BAAPSEI22	Length of river culverts in Bradley Action Area in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		BAAPSEI24	Length of environmental improvements along river banks in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
EN22	Length of new footpaths created along the rivers in the Bradley AAP area	BAAPSEI15	Length of new footpaths along rivers in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
EN23	Number of developments that fail to comply with car parking standards	LI11	Amount of completed non-residential development complying with car parking standards	AMR (Local Output Indicator)
		CSI24	Number of developments that fail to comply with the car parking standards	Core Strategy
EN24	Number of road accidents in the Bradley AAP area	BAAPSEI3	Road accidents in the Priority Area: - Number of Killed / Seriously Injured on the road in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
EN25	Number of bus passenger journeys (including trends over time)	CSSEI14	Bus Passenger Journeys	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN26	Method of travel to school (including trends over time)	CSSEI15	Method of Travel to School	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN27	Annual mileage of buses in Pendle (including trends over time)	CSSEI16	Annual route mileage of buses	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN28	Number and total length of cycle tracks (including trends over time)	CSSEI17	Number and total length of cycle tracks	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN29	Number of AQMA declared (including trends over time)	CSSEI18	Number of AQMA declared	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EN30	Vehicle km travelled per year per person (including trends over time)	CSSEI39	Vehicle km travelled per year per person	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
Housing				
HS01	Number of new homes completed (including trends over time) by: <ul style="list-style-type: none"> Location 	H1	Plan period and housing targets	AMR (Core Output Indicator)
		H2a	Net additional dwellings – in previous years	AMR (Core Output Indicator)
		H2b	Net additional dwellings – for the reporting year	AMR (Core Output Indicator)
		BAAPI2	Number of new dwellings completed on all sites	Bradley AAP Indicator
		CSI3	Percentage of new dwellings developed in each settlement and spatial area	Core Strategy
		CSI32	Number of new dwellings completed in each financial year	Core Strategy
		CSI39	Amount of housing built in the borough and three spatial areas	Core Strategy
		CSSEI4	Net additional dwellings completed in the previous year and current year	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
HS02	Future predicted housing completions (based on the SHLAA update) and revised delivery target	H2c	Net additional dwellings – in future years	AMR (Core Output Indicator)
		H2d	Managed delivery target	AMR (Core Output Indicator)
HS03	Number of new dwellings granted planning permission and total number of dwellings with an extant planning consent by: <ul style="list-style-type: none"> Location 	RSASPDSE1	Residential planning permissions granted on the sites identified for redevelopment by the SPD	Railway Street Area SPD Sustainability Appraisal (Significant Effects Indicator)
		CSI2	Percentage of new dwellings granted planning permission in each settlement and spatial area	Core Strategy
		CSI33	Number of new dwellings granted planning permission in each financial year	Core Strategy

Ref.	Indicator name	Old Ref.	Former Indicator Name	Documents and type of indicator
HS04	Number of new dwellings completed on PDL (including trends over time)	H3	New and converted dwellings – on previously developed land	AMR (Core Output Indicator)
		CSI34	Number of new dwellings completed on previously developed land	Core Strategy
		CSSEI20	New and Converted Dwellings on PDL	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI9	Number of new housing, employment, retail and leisure developments completed on previously developed land	Core Strategy
HS05	Number of affordable homes completed by: <ul style="list-style-type: none"> Tenure Location (including the number in conservation areas and Bradley AAP area) 	H5	Gross affordable housing completions	AMR (Core Output Indicator)
		CASPDSE2	Percentage of affordable homes built within conservation areas	Conservation Area SPD Sustainability Appraisal (Significant Effects Indicator)
		BAAPI4	Number and percentage of affordable housing completions	Bradley AAP Indicator
		CSI40	Number of affordable houses completed that are of i) social rented tenure and ii) intermediate tenure	Core Strategy
		CSSEI1	Gross affordable houses completed	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
HS06	Number of affordable homes granted planning permission by: <ul style="list-style-type: none"> Location (including the number in conservation areas) 	CASPDSE1	Percentage of affordable homes granted consent within conservation areas	Conservation Area SPD Sustainability Appraisal (Significant Effects Indicator)
		CSI38	Number of affordable housing granted planning permission in the borough and three spatial areas	Core Strategy
HS07	Total number of and change in number of empty homes (Long-term vacancies (over 6 months) and overall number of vacancies) by area: <ul style="list-style-type: none"> Borough-wide Spatial Area Settlements Bradley AAP area Railway Street area Canal Corridor area 	BCCSPDSE1	A reduction in the number of homes vacant for more than 6 months	Brierfield Canal Corridor SPD Sustainability Appraisal (Significant Effects Indicator)
		RSASPDSE2	Percentage of vacant properties within the Railway Street Area	Railway Street Area SPD Sustainability Appraisal (Significant Effects Indicator)
		BAAPI1	Number of long term (6+ months) vacant homes	Bradley AAP Indicator
		BAAPSEI7	Number of vacant dwellings in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSI35	Number of empty homes	Core Strategy
		CSSEI2	Percentage of empty dwellings	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
HS08	Housing quality: New dwellings completed / existing dwellings improved to the following standards: <ul style="list-style-type: none"> CfSH BfL LtH 	H6	Housing quality - Building for Life Assessments	AMR (Core Output Indicator)
		RSASPDSE5	Percentage of new dwellings on identified sites which achieve a Code for Sustainable Homes ranking.	Railway Street Area SPD Sustainability Appraisal (Significant Effects Indicator)
		BAAPSEI21	% of new dwellings meeting Ecohomes standard 'very good' in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSI18	Number of dwellings built achieving CfSH target levels	Core Strategy
		CSI41	Number of dwellings built achieving CfSH target levels	Core Strategy
		CSI42	Number of dwellings built to Silver or Gold rated BfL standards	Core Strategy
		CSI43	Number of dwellings built to LtH standards	Core Strategy
		CSSEI3	Building for Life Assessments	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		BAAPSEI6	Number of dwellings not meeting decent homes standard in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
HS09	Housing density of fully completed sites	LI6	% of new housing densities	AMR (Local Output Indicator)
		CSI46	Record the density of new housing provision	Core Strategy
HS10	Amount of new housing with access to the following services within 30 minutes travel time by public transport: <ul style="list-style-type: none"> GP Hospital Primary School 	LI7	Amount of new residential development within 30 minutes of key services	AMR (Local Output Indicator)
		CSI22	Number of dwellings completed with six services within 30 minutes travel time or less by public transport	Core Strategy
		CSSEI5	Amount of new residential development within 30 minutes of key services	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI24	Percentage of households <4km from a secondary school	Core Strategy Sustainability Appraisal (Significant Effects Indicator)

Ref.	Indicator name	Old Ref.	Former Indicator Name	Documents and type of indicator
	<ul style="list-style-type: none">Secondary SchoolEmployment areaRetail Centre % of households within 4km of the following services: <ul style="list-style-type: none">Post OfficeFood shop(s)Primary schoolSecondary school	CSSEI25	Percentage of households <4km from a primary school	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI26	Percentage of households <4km from a post office	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI27	Percentage of households <4km from a food shops	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		BAAPSEI2	Access to services (distance) in the Priority Area for: - GP, - Primary school, - Post office, - Supermarket	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
HS11(i) HS11(ii)	Types and sizes of dwellings by location of: <ul style="list-style-type: none">completed dwellingsdwellings with an extant planning consent	BAAPI3	Percentage of new 3+ bedroom dwellings	Bradley AAP Indictor
		BAAPSEI8	House mix in the Priority Area - % - Detached, - Semi Detached, - Terrace, - Flats.	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSI37	Number of different types and tenures of new dwellings built	Core Strategy
		CSI44	Record and monitoring the different types, sizes and tenures of new housing that are granted permission and that are completed	Core Strategy
		CSI45	Provide analysis over time of changes in the balance of different types, sizes and tenures of housing in different parts of the borough	Core Strategy
HS12	Number of new pitches for the Gypsy and Traveller community and the Travelling Showpeople community: <ul style="list-style-type: none">completedwith an extant planning consent	H4	Net additional pitches (Gypsy and Traveller)	AMR (Core Output Indicator)
HS13	Number of new dwellings completed that addresses a specific housing need by: <ul style="list-style-type: none">Location	CSI36	Number of new dwellings built for a specific housing need and the location of these dwellings	Core Strategy
HS14	Number of homes in Council tax band A in the Brierfield Canal Corridor area (including trends over time)	BCCSPDSE4	A reduction in the number / % of homes in Council Tax Band A	Brierfield Canal Corridor SPD Sustainability Appraisal (Significant Effects Indicator)
HS15	Average property price: <ul style="list-style-type: none">Borough-wideBrierfield Canal Corridor areaBradley AAP area (Bradley Ward) (including trends over time)	BCCSPDSE3	A reduction in the number / % of low value house price sales	Brierfield Canal Corridor SPD Sustainability Appraisal (Significant Effects Indicator)
		BAAPSEI5	Average property price in the Priority Area: - All properties, - Terrace	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
HS16	Number of households suffering from overcrowding in the Bradley AAP area (Bradley Ward)	BAAPSEI9	% households suffering from overcrowding in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
HS17	Number of movements in, out and within the Bradley AAP area (Bradley Ward) (population turn-over rates)	BAAPSEI18	Number of people leaving / moving into the Priority Area	Bradley Area Action Plan Significant Effects Indicator
		BAAPSEI19	% of the community who want to move in the Priority Area	Bradley Area Action Plan Significant Effects Indicator
Economy (including Retailing and Town Centres)				
EC01	Amount of new employment floorspace completed by: <ul style="list-style-type: none">TypeLocation	BD1	Total amount of additional employment land floorspace - by type	AMR (Core Output Indicator)
		CSI50	New business floorspace created	Core Strategy
		CSI53	Amount of employment land developed each year by business use class.	Core Strategy
		CSI5	Percentage of new employment developments completed in each settlement and spatial area	Core Strategy
EC02	Amount of new employment floorspace	BD2	Total amount of employment floorspace on previously developed land - bv type	AMR (Core Output Indicator)

Ref.	Indicator name	Old Ref.	Former Indicator Name	Documents and type of indicator
	completed on PDL by: • Type • Location	CSI9	Number of new housing, employment, retail and leisure developments completed on previously developed land	Core Strategy
		CSSEI19	Total Amount of Employment Floorspace on PDL	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EC03	Amount of new employment floorspace with an extant planning consent by: • Type • Location	BD3	Employment land available - by type	AMR (Core Output Indicator)
		CSSEI12	Employment land available by type	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI4	Percentage of new employment developments granted planning permission in each settlement and spatial area	Core Strategy
EC04	Amount of employment land / floorspace lost to alternative uses by location (identifying the loss of mill sites)	LI1	Loss of employment land in the local authority area	AMR (Local Output Indicator)
		CSSEI10	Loss of Employment Land	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		LI2	Amount of employment land lost to residential development	AMR (Local Output Indicator)
		LI3	Loss of former mill sites to residential development	AMR (Local Output Indicator)
EC05	Unemployment levels: • Borough-wide • Spatial area • Bradley AAP area (Bradley Ward)	BAAPSEI12	Unemployment in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSI52	Monthly unemployment levels	Core Strategy (proposed indicator)
		CSSEI11	Percentage Unemployment	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EC06	Number and change in VAT and PAYE registered businesses: • Borough-wide • Bradley AAP area (Bradley Ward)	BAAPSEI11	Business VAT registrations and survival rate after 12 months in the Priority Area	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSI49	Number of VAT Registrations and De-registrations	Core Strategy
		CSSEI6	Changes in the Number of VAT Businesses	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EC07	Employment levels by: • Age • Sector	CSSEI8	Proportion of people of working age in permanent full time employment	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI48	Number / percentage of people employed by business sector, in particular those within growth sectors	Core Strategy
		CSSEI9	Number of jobs within the tourism sector	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI59	Numbers employed in tourism	Core Strategy
		CSI57	Number of employees and self-employed people in wholesale and retail traders	Core Strategy
EC08	Average wage levels by: • Age • Location	CSI51	Annual wage levels and estimates of household earnings	Core Strategy
		CSSEI13	Average wages (male/female) compared with National and Regional averages	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
EC09	Estimates of household earnings by: • Location	CSI51	Annual wage levels and estimates of household earnings	Core Strategy
EC10	Development of Bradley AAP Employment Allocation	BAAPI6	Development of employment land – site identified in Policy 5	Bradley AAP Indicator
EC11	Number of employment developments completed in accessible locations: • Town Centre • Transport Hub • Accessibility Corridor	CSI23	Number of employment developments completed in accessible locations (e.g. in a town centre, along an accessibility corridor)	Core Strategy
EC12	Amount of new retail / town centre floorspace completed by: • Type • Location	BD4	Total amount of floorspace for 'town centre uses'	AMR (Core Output Indicator)
		CSI54	Amount of new floorspace developed for retail uses	Core Strategy
		CSSEI7	Total amount of floorspace for 'Town Centre Uses'	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSI7	Percentage of new retail development delivered in each retail hierarchy tier	Core Strategy
EC13	Town centre occupancy levels (including vacancy levels) by:	LI4	No. and % of vacant retail units	AMR (Local Output Indicator)
		CSI56	Number of empty premises in town and local shopping centres	Core Strategy

Ref.	Indicator name	Old Ref.	Former Indicator Name	Documents and type of indicator
	<ul style="list-style-type: none"> Type Location 	CSSEI21	Number and Percentage of Vacant Retail units	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		LI5	% of shopping frontages in non-shopping uses	AMR (Local Output Indicator)
		CSI55	Occupants of premises in town and local shopping centres in A1 use class	Core Strategy
EC14	Amount of floorspace for retail / town centre uses with an extant planning consent by: <ul style="list-style-type: none"> Type Location 	CSI6	Percentage of new retail developments granted planning permission in each retail hierarchy tier	Core Strategy
EC15	Amount of new retail / town centre floorspace completed on PDL by: <ul style="list-style-type: none"> Type Location 	CSI9	Number of new housing, employment, retail and leisure developments completed on previously developed land	Core Strategy
EC16	Amount of floorspace completed for Tourism, Leisure, and Culture by: <ul style="list-style-type: none"> Location 	CSI58	Amount of floorspace created for tourism, leisure and cultural uses	Core Strategy
Community				
CM01	Number of schemes granted permission and completed with a Secured by Design award by: <ul style="list-style-type: none"> Location (including in the Railway Street (Brierfield) SPD Area) 	RSASPDSE4	Percentage of new development schemes achieving the Secured by Design standard	Railway Street Area SPD Sustainability Appraisal (Significant Effects Indicator)
		CSI17	Number of applications with a Secured by Design award	Core Strategy
		CSI72	Number of applications with a Secured by Design award	Core Strategy
CM02	Crime levels by: <ul style="list-style-type: none"> Location (including in the Bradley AAP area) 	BAAPSEI4	Crime in the Priority Area: - Burglary, - Vehicle crime, - Juvenile nuisance, - Robbery	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
		CSSEI22	Percentage who feel safe out in their local area	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
		CSSEI23	Identification of results from local crime surveys	Core Strategy Sustainability Appraisal (Significant Effects Indicator)
CM03	Number of extant planning consents for community facilities by: <ul style="list-style-type: none"> Type Location 	CSI63	Number and location of applications for community facilities	Core Strategy
		CSI67	Number and location of applications for health and social care facilities	Core Strategy
CM04	Number of completed community facilities developments by: <ul style="list-style-type: none"> Type Location 	CSI64	Number and location of completions for community facilities	Core Strategy
		CSI66	Number of completions for community facilities in rural areas	Core Strategy
		CSI68	Number and location of completions for health and social care facilities	Core Strategy
		CSI70	Number and location of new and improved education and training facilities	Core Strategy
CM05	Number of community facilities lost to alternative uses	CSI65	Number of losses of community facilities	Core Strategy
CM06	Changes in the Index of Multiple Deprivation in the Bradley AAP area	BAAPI7	Indices of Deprivation	Bradley AAP Indicator
		BAAPSEI1	IMD for education, health, access, income and employment (SOAs in the Priority Area)	Bradley AAP Sustainability Appraisal (Significant Effects Indicator)
CM07	Percentage of people who believe that people from different backgrounds get on well together	CSSEI34	Percentage of people who believe that people from different backgrounds get on well together	Core Strategy Sustainability Appraisal (Significant Effects Indicator)

Table C2: AMR indicators – indicator description and data source

Ref.	Indicator name	Explanation / Definition	Data Source	Policy Ref/ Link
Spatial Development and Infrastructure				
SD01	Amount of new development completed in each settlement (in ha)	This indicator covers the three main land types that are monitored. They include housing, employment, retail and leisure land. Completion data from each database is collated for each settlement and combined to give a total land area developed.	Pendle BC land monitoring databases.	SDP1-5 LIV1 WRK2 SUP1
SD02	Amount of new development completed in the following locations (in ha): <ul style="list-style-type: none"> Town Centres Within a Settlement Boundary In the Open Countryside 	This indicator records data relating to the location of new development. Completion data for each type of development is analysed to identify which locational category it falls under. A total for each locational category is then calculated.	Pendle BC land monitoring databases.	LP1 LP25 SDP2 SDP5 WRK4
SD03	Amount of new development completed on PDL in the following locations (in ha): <ul style="list-style-type: none"> Borough-wide Conservation Areas Bradley AAP area 	This indicator records data relating to the development of Previously Developed Land (PDL) and the location of this development. Completion data for each type of development is analysed to determine whether it is Previously Developed Land and to identify its location. This is then collated and a total for each area is calculated.	Pendle BC land monitoring databases.	SDP2
SD04	Progress against the Infrastructure Delivery Schedule	This indicator looks at those projects in the Infrastructure Delivery Schedule which are critical to plan delivery. An update of the progress of these schemes is recorded with an assessment of whether the projects are on track.	Pendle BC Infrastructure Study – update procedure	SDP6
SD05	Number of times the Design Principles SPD has been used as a reason for refusal of a development	Report run from the planning applications database identifying refused applications against which the SPD was a consideration. Manual checking of decision notices to check if SPD was a reason for refusal.	Pendle BC planning database	LP13 ENV2 LIV5 WRK6 SUP4
Environment (including Renewable Energy and Transport)				
EN01	Amount of energy generated (or potential to generate) by renewable sources for completed developments and those with planning permission, by: <ul style="list-style-type: none"> Type (e.g. solar, wind etc) 	Report run from planning database identifying those applications for renewable technologies. Manual checking for generation figures. Maslen Environmental Study or average generation figures applied to those applications without information.	Pendle BC Renewable Energy monitoring database.	LP5 ENV2 ENV3
EN02	Amount of CO ₂ emissions in Pendle by source (including trends over time)	The government holds information for Pendle in terms of emissions (tonnes) for industry and commercial, domestic, road transport and land use, land use change and forestry sources.	https://www.gov.uk/government/statistics/uk-local-authority-and-regional-carbon-dioxide-emissions-national-statistics-2005-2013	ENV2 ENV3 ENV4
EN03	Number of developments meeting the 10% renewable and low carbon generation requirements	Each application is assessed to determine what measures are to be put in place to meet the 10% energy generation requirement.	Pendle BC planning data	ENV3 LIV5 WRK6 SUP4
EN04	Average energy consumption of new buildings (including trends over time)	Data for this indicator is not available at a local level. An alternative indicator may be considered in the future.	N/A	LIV5 WRK6 SUP4
EN05	Amount of land designated for biodiversity /geodiversity importance and its condition (including changes in area and condition) by: <ul style="list-style-type: none"> Type of designation 	Pendle BC collates information regarding biodiversity including types and numbers of designations. Additionally any changes to the last study are checked in each monitoring period.	Pendle BC Biodiversity Audit 2010 LCC LERN records Natural England records	LP4A-C ENV1
EN05a	Net change in area of land supporting s41 Priority Habitats and Species	This indicator looks at the amount of land that supports s41 Priority Habitats and Species and whether there has been a change in the amount of land. A monitoring regime has not yet been established to record this data.	Lancashire Wildlife Trust, LERN, Natural England records	ENV1

Ref.	Indicator name	Explanation / Definition	Data Source	Policy Ref/ Link
EN06	Number of new developments completed which incorporate beneficial biodiversity features	This indicator relates to a Core Strategy policy that is not yet in place. A monitoring regime will be put in place in future years to record this information.	N/A	ENV1
EN07	Quality of open space by location using: <ul style="list-style-type: none"> Quality scoring Green Flag Standards 	<p>EN07A – The Pendle BC Open Space Audit categorises each open space into high, medium or low quality via an assessment process.</p> <p>EN07B - The Green Flag Award® scheme is the benchmark national standard for parks and green spaces in the UK.</p>	<p>EN07a - Pendle BC Open Space Audit</p> <p>EN07b – www.greenflag.keepbritaintidy.org/awards/</p>	<p>LP33</p> <p>LP34</p> <p>ENV1</p> <p>SUP2</p>
EN08	Provision of open space by type and by location (including trends overtime)	The Pendle BC Open Space Audit records any deviation from the average position (in hectares) of open space by typology, at Ward and Area Committee level.	Pendle BC Open Space Audit	<p>LP21</p> <p>LP33</p> <p>LP34</p> <p>ENV1</p> <p>LIV5</p>
EN09	Number of homes within 400m of open space in the Bradley AAP area	This indicator looks at how many homes in the Bradley AAP area are within 400m of a designated open space site. The aim is to increase the provision and access to open space within the area.	Pendle Open Space Audit, Internal Mapping analysis	BAAP4
EN10	Number and condition of designated heritage assets by location (including the Bradley AAP area)	<p>Buildings of special architectural or historic interest (Listed Buildings) are designated by the Secretary of State and placed on the Statutory List. Pendle Council identifies any buildings on this list which it considers to be at risk of deterioration each year in a survey to Historic England.</p> <p>Conservation areas are designated by Pendle BC. Similarly to Listed Buildings the Council reports any Conservation Areas to Historic England that are deemed to be at risk.</p> <p>The list of scheduled monuments are identified by the Secretary of State including any of those which are at risk.</p>	<p>Listed Buildings register: http://historicengland.org.uk/listing/the-list/</p> <p>Heritage at Risk: https://historicengland.org.uk/advice/heritage-at-risk/findings/</p> <p>List of Scheduled Monuments for Lancashire.</p>	<p>ENV1</p> <p>BAAP6</p>
EN11	Number of development schemes refused planning permission on the grounds of poor design	Report run from the planning database identifying the number of applications where Policy 13 of the Local Plan (Design) was considered. Those where the policy was used as a reason for refusal were manually identified. Core Strategy Policy ENV2 will replace LP Policy 13.	Pendle BC planning database	<p>LP13</p> <p>ENV2</p> <p>LIV5</p> <p>WRK6</p> <p>SUP4</p>
EN12	Number of development schemes refused planning permission on the grounds of impact to a heritage asset	Report run from the planning database identifying the number of applications where Policies 9 (Buildings of Special Architectural or Historic Interest) and 10 (Areas of Special Architectural Interest) were considered. Those where the policies were used as a reason for refusal were manually identified.	Pendle BC planning database	<p>LP9</p> <p>LP10</p> <p>ENV2</p>
EN13	Total amount of waste collected and amount sent for recycling/composting and that not recycled	Pendle BC Waste Services monitor the total amount of waste collected and amount sent for recycling/composting and that not recycled in tonnes for each monitoring period. This is reported to the government.	https://data.gov.uk/dataset/local-authority-collected-waste-management-statistics	ENV6
EN14	Quality of rivers and streams in Pendle	This indicator looks at the quality of the rivers and streams in Pendle. In particular it considers the chemistry and biology of the watercourse highlighting where there are potential pollution issues.	Environment Agency data http://environment.data.gov.uk/catchment-planning/search	ENV7

Ref.	Indicator name	Explanation / Definition	Data Source	Policy Ref/ Link
EN15	Amount of vacant, derelict and contaminated land by location	This indicator looks at the amount of vacant, derelict and contaminated land within the borough. The data is collated by settlement. The aim is to decrease the amount through the regeneration and recycling of land.	NLUD PDL(National Land Use Database for Previously Developed Land) return Pendle BC contaminated land records	ENV5
EN16	Number of buildings achieving a BREEAM rating	Data for commercial and public buildings is collected through the planning application database. Each scheme which uses BREEAM in their design is recorded.	Pendle BC planning database and land monitoring databases.	ENV2 LIV5 WRK6 SUP4
EN17	Number of developments in a conservation area using natural stone and/or slate compared to the total number of developments in conservation areas	This indicator looks at the quality of materials used in new developments within a conservation area. Information from the planning application and the Design and Access statement is used to determine the type of materials proposed for the development. This indicator monitors approvals and refusals within the monitoring period.	Pendle BC planning database	LP10 ENV2
EN18	Number of properties in flood zones 2 and 3 (including trends over time)	Mapping data showing the properties which lie within flood zone 2 and 3 was interrogated to identify those affected.	Pendle BC and EA mapping data	LP6 ENV7
EN19	Number of planning permissions granted contrary to advice from the Environment Agency on flooding and water quality grounds	Report run from the planning database identifying the number of applications where Policy 6 of the Replacement Pendle Local Plan was considered. Those where the Environment Agency had objected but the application was approved were manually identified.	Pendle BC planning database	LP6 ENV7
EN20	Number of developments incorporating flood risk management actions including the use of SUDS	This indicator looks at the number of new developments that incorporate flood management systems such as SUDS. Information from the planning application on SUDS is identified manually.	Lead Local Flood Authority data (LCC) and records from Pendle BC planning database	ENV7
EN21	Length of the river corridor in the Bradley AAP area that have been improved (including the length within a culvert)	This indicator records data relating to the length of Walverden Water which is improved as part of new development. New development proposals/completions in the Bradley AAP area are analysed to assess whether they include river corridor improvements.	Pendle BC planning database	BAAP4
EN22	Length of new footpaths created along the rivers in the Bradley AAP area	This indicator records data relating to the length of new footpaths created in the Bradley AAP area as part of new developments. New development proposals/completions in the Bradley AAP area are analysed to assess whether they include the creation of new footpaths.	Pendle BC planning database	BAAP7
EN23	Number of developments that fail to comply with car parking standards	This indicator records the number of developments that do not comply with the car parking standards. As the standards are maximums developments are deemed to have failed to meet the standard if they provide more parking than the standard.	Pendle BC planning database	LP31 ENV4
EN24	Number of road accidents in the Bradley AAP area	This indicator records the number of road traffic accidents resulting in death or serious injury on a ward basis. For the Bradley AAP area the Bradley Ward information is the closest available data.	http://www.saferlancashire.co.uk/2011/statistics/table_view/table-ward-financial-20081231.asp	BAAP7
EN25	Number of bus passenger journeys (including trends over time)	This indicator relates to a Core Strategy policy that is not yet in place. Data is not collected at the local level for this indicator. A new indicator is to be established in future years to help monitor the implementation of this policy.	No data source available	ENV4

Ref.	Indicator name	Explanation / Definition	Data Source	Policy Ref/ Link
EN26	Method of travel to school (including trends over time)	This indicator relates to a Core Strategy policy that is not yet in place. Data is not collected at the local level for this indicator. A new indicator is to be established in future years to help monitor the implementation of this policy.	No data source available	ENV4
EN27	Annual mileage of buses in Pendle (including trends over time)	This indicator relates to a Core Strategy policy that is not yet in place. Data is not collected at the local level for this indicator. A new indicator is to be established in future years to help monitor the implementation of this policy.	No data source available	ENV4
EN28	Number and total length of cycle tracks (including trends over time)	This indicator looks at the total length of cycle track within Pendle.	Pendle Infrastructure Study – Pendle BC Engineering and Special Projects Cycling data. LCC cycling data.	ENV4
EN29	Number of AQMA declared (including trends over time)	Air Quality Management Areas are those areas where air pollution is likely to exceed National Air Quality Objectives. These areas are measured and declared by Pendle BC.	www.aqma.defra.gov.uk/maps.php?la_id=194	ENV4 ENV5
EN30	Vehicle km travelled per year per person (including trends over time)	This indicator relates to a Core Strategy policy that is not yet in place. Data is not collected at the local level for this indicator. A new indicator is to be established in future years to help monitor the implementation of this policy.	No data source available	ENV4
Housing				
HS01	Number of new homes completed (including trends over time) by: • Location	This indicator provides data on the total number of new homes completed and the location of these homes. It includes all new build dwellings and conversions/changes of use.	Pendle BC housing land monitoring database	LP17 SDP3 LIV1
HS02	Future predicted housing completions (based on the SHLAA update) and revised delivery target	This indicator looks at the number of likely completions over the next 15 years. It is based on an assessment of the sites contained in the SHLAA and uses a range of criteria to determine the likely timescales for development. The information is used to determine a new delivery rate which is expressed in the Housing Trajectory.	Pendle BC SHLAA site spreadsheet	LIV1
HS03	Number of new dwellings granted planning permission and total number of dwellings with an extant planning consent by: • Location	This indicator records data on the number of dwelling units which have an extant planning consent. It shows how many new permissions were granted in the monitoring period and the total number of dwellings units with planning permission that have not yet been started or are under construction. The data is presented by settlement and a total figure is also provided.	Pendle BC housing land monitoring database	LP17 SDP3 LIV1
HS04	Number of new dwellings completed on PDL (including trends over time)	This indicator provides data on the number of new dwellings provided on previously developed land. It includes new build dwellings and conversions/changes of use.	Pendle BC housing land monitoring database	LP17 SDP2 LIV1
HS05	Number of affordable homes completed by: • Tenure • Location (including the number in conservation areas and Bradley AAP area)	This indicator looks at the number of new affordable homes completed in the monitoring period and as a total since the start of the plan period. It specifies the type of tenure of affordable housing provided. It presents the information by settlement. This data can be compared to requirements in Policy LIV4 and the SHMA to show progress and performance.	Pendle BC housing land monitoring database	LIV4

Ref.	Indicator name	Explanation / Definition	Data Source	Policy Ref/ Link
HS06	Number of affordable homes granted planning permission by: <ul style="list-style-type: none"> Location (including the number in conservation areas) 	This indicator looks at the number of new affordable homes granted planning permission within the monitoring period. It also provides data on the total number of affordable housing that has planning permission which has either not been start or is under construction.	Pendle BC housing land monitoring database	LIV4
HS07	Total number of and change in number of empty homes (Long-term vacancies (over 6 months) and overall number of vacancies) by area: <ul style="list-style-type: none"> Borough-wide Spatial Area Settlements Bradley AAP area Railway Street area Canal Corridor area 	This indicator looks at the number of empty dwellings. Data is only available for long-term vacancies (i.e. those empty for 6 months or more). Data is also only available by Area Committee area and the regeneration areas.	Pendle BC Housing Standards Empty Homes data	BAAP3 LIV1
HS08	Housing quality: New dwellings completed / existing dwellings improved to the following standards: <ul style="list-style-type: none"> CfSH BfL LTH 	This indicator looks at the quality of new housing that is completed. Each application is assessed to determine whether it intends to use any of the identified schemes (e.g. CfSH , BfL, LTH).	Pendle BC planning database	ENV2 LIV5
HS09	Housing density of fully completed sites	This indicator provides information relating the density of new housing on fully completed housing sites.	Pendle BC housing land monitoring database	LIV5
HS10	Amount of new housing with access to the following services within 30 minutes travel time by public transport: <ul style="list-style-type: none"> GP Hospital Primary School Secondary School Employment area Retail Centre % of households within 4km of the following services: <ul style="list-style-type: none"> Post Office Food shop(s) Primary school Secondary school 	This indicator is concerned with assessing the accessibility of new housing developments. It looks at the availability of services to each new dwelling. A new data collection method will be considered for next year. The second part of the indicator takes a broader look at all households in the borough and the distance from four key services.	Lancashire County Council accessibility software (Accession) – no longer available – will be reviewed next year. Considering a new methodology for collecting this data.	SDP2 ENV4
HS11(i) HS11(ii)	Types and sizes by location of: <ul style="list-style-type: none"> completed dwellings dwellings with an extant planning consent 	This indicator looks at the types and sizes of newly completed dwellings and dwellings with an extant planning permission. The tenure of new dwellings is considered under HS05 and HS06. This data can be analysed against the size, type profile set out in Policy LIV5.	Pendle BC housing land monitoring database	LIV5
HS12	Number of new pitches for the Gypsy and Traveller community and the Travelling Showpeople community: <ul style="list-style-type: none"> completed with an extant planning consent 	This indicator provides data on the number of complete and proposed pitches for the Gypsy and Traveller community.	Pendle BC planning database	LIV3
HS13	Number of new dwellings completed that addresses a specific housing need by: <ul style="list-style-type: none"> Location 	This indicator provides data relating to the number of new dwellings completed for identified specific needs. This information can be assessed against the housing needs priorities as set out in Policy LIV3	Pendle BC housing land monitoring database	LIV3
HS14	Number of homes in Council tax band A in the Brierfield Canal Corridor area (including trends over time)	Council tax data is obtained from Council Tax and government website.	https://www.gov.uk/council-tax-bands	-
HS15	Average property price: <ul style="list-style-type: none"> Borough-wide Brierfield Canal Corridor area Bradley AAP area (Bradley Ward) (including trends over time)	This indicator provides information relating to the average house prices in the borough. Data for smaller geographical locations is not available.	http://www.ons.gov.uk/ons/publications/reference-tables.html?edition=tc+m%3A77-406271	LIV1 LIV4

Ref.	Indicator name	Explanation / Definition	Data Source	Policy Ref/ Link
HS16	Number of households suffering from overcrowding in the Bradley AAP area (Bradley Ward)	This indicator shows the amount of overcrowding in the Bradley Ward.	Census	BAAP1
HS17	Number of movements in, out and within the Bradley AAP area (Bradley Ward) (population turn-over rates)	This data shows movement of the population in and out of the Bradley Ward. It can be used to indicate whether the area is becoming more popular. Data is no longer available for this indicator on a regular basis.	ONS (Population turn-over rates) (ward level data). http://neighbourhood.statistics.gov.uk/dissemination/Info.do;jessionid=T7VzQjtXVjYLZdGDJBsGnJL047ypS8vJnTSc69dV4ICPsGhcRqpM!-1274727606!1352904023376?m=0&s=1352904023391&enc=1&page=news/newsitems/29-november-2011-population-turnover-rates.htm&njs=true&nsc=true&nssvg=false&nswid=1020	BAAP1
Economy (including Retailing and Town Centres)				
EC01	Amount of new employment floorspace completed by: • Type • Location	This indicator provides data on the amount and type of completed employment land by settlement.	Pendle BC employment land monitoring database	LP23 SDP4 WRK1 WRK2
EC02	Amount of new employment floorspace completed on PDL by: • Type • Location	This indicator provides data on the amount and type of employment land completed on Previously Developed Land (PDL) by settlement.	Pendle BC employment land monitoring database	LP23 SDP2 WRK2
EC03	Amount of new employment floorspace with an extant planning consent by: • Type • Location	This indicator provides data in the amount of employment land with an extant planning consent which has either not been started or is under construction.	Pendle BC employment land monitoring database	LP23 WRK2
EC04	Amount of employment land / floorspace lost to alternative uses by location (identifying the loss of mill sites)	This indicator records losses of employment land to non-employment uses. This information can be used to help determine the amount of new employment land that is needed. The specific recording of losses of mill sites shows the loss of industrial heritage.	Pendle BC land monitoring database	WRK2
EC05	Unemployment levels: • Borough-wide • Spatial area • Bradley AAP area	This indicator provides information on the levels of unemployment in the borough. Data is only available at a local authority level. However, data on the number of people claiming job seekers allowance is available at a smaller geographical level. As such data for the Bradley Ward is available to give an indication of the numbers of people looking for work.	Residents claiming job seekers allowance (NOMIS – ward level data) Levels of worklessness (NOMIS) http://www.nomisweb.co.uk/reports/lmp/la/2038432058/printable.aspx http://www.nomisweb.co.uk/reports/lmp/ward/1308629894/report.aspx	WRK1
EC06	Number and change in VAT and PAYE registered businesses: • Borough-wide • Bradley AAP area (Bradley Ward)	This indicator provides data relating to the number of active businesses within Pendle.	ONS (ward level data)	WRK1

Ref.	Indicator name	Explanation / Definition	Data Source	Policy Ref/ Link
EC07	Employment levels by: <ul style="list-style-type: none"> Age Sector 	This indicator looks at the number of people in employment. The data is broken down into nine employment sectors. Up-to-date information for the age of people in employment is not currently available.	http://www.nomisweb.co.uk/reports/lmp/la/1946157096/report.aspx#tabempunemp http://www.nomisweb.co.uk/reports/lmp/la/1946157096/report.aspx#tabempunemp	WRK1
EC08	Average wage levels by: <ul style="list-style-type: none"> Age Location 	This indicator provides information on the average wage levels in the borough. The data is shown for males, females and an overall total.	www.ons.gov.uk/employmentandlabourmarket/peopleinwork/earningsandworkinghours/datasets/placeofresidencebylocalauthorityashetable9	WRK1
EC09	Estimates of household earnings by: <ul style="list-style-type: none"> Location 	This indicator provides information relating to the average household income in the borough. Data for both the mean and median averages is provided.	www.lancashire.gov.uk/lancashire-insight/economy/income-earnings-and-benefits/gross-disposable-household-income.aspx	WRK1
EC10	Development of Bradley AAP Employment Allocation	This indicator shows progress in developing the employment allocation within the Bradley AAP area.	Pendle BC employment land monitoring database	BAAP5
EC11	Number of employment developments completed in accessible locations: <ul style="list-style-type: none"> Town Centre Transport Hub Accessibility Corridor 	This indicator looks at the accessibility of new employment developments. It shows how many of the new employment developments are within a town centre, within 400m of a transport hub (defined as Nelson Interchange, Colne Bus Station, and Junctions 12-14 of the M65) and within an accessibility corridor (defined as within 400m of a high frequency bus corridor).	Pendle BC employment land monitoring database, Internal Mapping analysis	LP23 SDP2 ENV4
EC12	Amount of new retail / town centre floorspace completed by: <ul style="list-style-type: none"> Type Location 	This indicator provides data on the amount and type of completed retail land by settlement.	Pendle BC retail and leisure land monitoring database	LP25 SDP5 WRK4
EC13	Town centre occupancy levels (including vacancy levels) by: <ul style="list-style-type: none"> Type Location 	This indicator provides data relating to the occupancy levels of properties within the borough's town and local shopping centres.	Pendle BC retail survey	LP25 LP26 WRK4
EC14	Amount of floorspace for retail / town centre uses with an extant planning consent by: <ul style="list-style-type: none"> Type Location 	This indicator provides data on the amount of retail land with an extant planning consent which has either not been started or is under construction.	Pendle BC retail and leisure land monitoring database	LP25 SDP5 WRK4
EC15	Amount of new retail / town centre floorspace completed on PDL by: <ul style="list-style-type: none"> Type Location 	This indicator provides data on the amount and type of retail land completed on Previously Developed Land (PDL) by settlement.	Pendle BC retail and leisure land monitoring database	SDP2 WRK4
EC16	Amount of floorspace completed for Tourism, Leisure, and Culture by: <ul style="list-style-type: none"> Location 	This indicator relates to a new Core Strategy policy. Monitoring regimes will be put in place in future years to capture this data.	Pendle BC retail and leisure land monitoring database	WRK5
Community				
CM01	Number of schemes granted permission and completed with a Secured by Design award by: <ul style="list-style-type: none"> Location (including in the Railway Street (Brierfield) SPD Area) 	This indicator looks the number of new developments that have use Secured by Design standards.	Pendle BC planning database	ENV2 SUP4
CM02	Crime levels by: <ul style="list-style-type: none"> Location (including in the Bradley AAP area) 	This indicator provides data relating to the levels of crime in the borough.	www.saferlancashire.co.uk/2011/crime/index.asp	SUP4

Ref.	Indicator name	Explanation / Definition	Data Source	Policy Ref/ Link
CM03	Number of extant planning consents for community facilities by: <ul style="list-style-type: none"> Type Location 	This indicator relates to a new Core Strategy policy. Monitoring regimes will be put in place in future years to capture this data.	Pendle BC planning database	LP32 SUP1 SUP2 SUP3
CM04	Number of completed community facilities developments by: <ul style="list-style-type: none"> Type Location 	This indicator relates to a new Core Strategy policy. Monitoring regimes will be put in place in future years to capture this data.	Pendle BC planning database	LP32 SUP1 SUP2 SUP3
CM05	Number of community facilities lost to alternative uses	This indicator relates to a new Core Strategy policy. Monitoring regimes will be put in place in future years to capture this data. This indicator will record the loss of community facilities to other uses.	Pendle BC planning database.	LP32 SUP1
CM06	Changes in the Index of Multiple Deprivation in the Bradley AAP area	This indicator shows the deprivation level of the LSOAs that make up the Bradley AAP area. It can be used to show whether conditions in the area are improving or worsening.	https://www.gov.uk/government/statistics/english-indices-of-deprivation-2015	BAAP
CM07	Percentage of people who believe that people from different backgrounds get on well together	This indicator provides information relating to community cohesion. It shows how many people think different groups in the population get on well together.	Pendle Perception Survey http://www.pendle.gov.uk/downloads/file/8643/pendle_profile_2015	-

Appendix D: Strategic Housing Land Availability Assessment (SHLAA) Update

- D1.1 This Appendix provides the latest update of the Strategic Housing Land Availability Assessment (SHLAA). It takes account of the information collected for the monitoring of new housing permissions and completions. The findings from the updated SHLAA are used in the Five Year Land Supply calculation (see Appendix E).
- D1.2 A brief review of each site is carried out to update the delivery timescales and to provide information on the progress being made to overcome any constraints.
- D1.3 Table D1 provides details of the criteria used to assess each site. **Due to resource issues not all the criteria has been applied in this review.** However, each site has been considered using the best available information.

Table D1

Theme	Criteria	Timescale judgement
Viability	Sites with planning permission – considered to be viable unless evidence to show otherwise.	0-5 years
	Site specific viability work indicates that the development of the site is viable.	0-5 years
	The Council's viability model suggests that this type of site is viable to develop.	0-5 years
	The Council's viability model suggests that this type of site is marginally viable to develop.	0-5 years in some cases otherwise 6-10 years
	The Council's viability model suggests that this type of site is unlikely to be viable to develop.	6-10 or 11-15 years depending on other factors
	No viability information available for this type of site.	Look at other factors
Monitoring Information	Development at the site has started and work is progressing.	0-5 years
	Development at the site has been started but work has stopped and the developer is no longer on site.	6-10 years or in some cases 11-15 years
	Development at the site has not been started, however, planning permission was only granted in the last year.	0-5 years
	Development at the site has not been started and the planning permission is over one year old.	0-5 years in some cases otherwise 6-10 years
	The planning permission is outline only and a reserved matters application has not yet been submitted/approved.	0-5 years
Owner/ Developer Information	The developer/owner has provided information indicating their intention to develop the site.	0-5 years, sometimes 6-10 years depending on other factors
	The developer/owner has not provided any recent information indicating their intention to develop the site.	0-5 years in some cases otherwise 6-10 or 11-15 years
	There has been no recent contact with the developer/owner.	6-10 or 11-15 years depending on other factors
Other Information	Building control records indicate that the developer/ owner is progressing with the commencement/ development of the site.	0-5 years
	Pre-application discussions have taken place regarding the potential development of this site for housing.	0-5 years in some cases otherwise 6-10 years

- D1.4 Tables D2-D6 provide a summary of the sites included in each five year period (1-5, 6-10, 11-15 and longer term additional sites).

Appendix E: Five Year Supply Calculation

- E1.1 The NPPF requires local planning authorities to “identify and update annually a supply of specific deliverable¹ sites sufficient to provide five years’ worth of housing against their housing requirements with an additional buffer of 5% (moved forward from later in the plan period) to ensure choice and competition in the market for land.” (paragraph 47, second bullet point).
- E1.2 The NPPF goes on to note that in areas where there has been a record of persistent under delivery of housing, this buffer should be increased to 20% to provide a realistic prospect of achieving the planned supply.
- E1.3 Prior to the onset of the economic recession, the delivery of new housing in Pendle regularly exceeded the planned housing requirement at the time. However, since 2008, the completion rate for new dwellings has fallen significantly and as a consequence it was considered appropriate to apply a 20% buffer on top of the housing requirement for Pendle. This approach was agreed and accepted by the Inspector examining the Core Strategy.
- E1.4 The Strategic Housing Land Availability Assessment (SHLAA) establishes realistic assumptions about the availability, suitability and the likely economic viability of land to meet the identified need for housing over the plan period.
- E1.5 Table E1 shows that by counting newly completed dwellings and the reoccupation of long-term empty homes, 1,234 additional dwellings were provided between 2011/12 and 2015/16. This level of provision is lower than the planned requirement of 1,490 dwellings and therefore the Council is in a position of under-delivery with a shortfall of 256 dwellings. This shortfall will need to be addressed as part of the five year supply calculation.
- E1.6 The projections within the housing trajectory (Figure HS02a) demonstrate that the Council’s housing land supply is sufficient to meet and exceed the target for the five year period between 2016/17 and 2020/2021, together with a 20% buffer to account for previous low delivery rates.

¹ Footnote 11 of the NPPF defines deliverability.

Table E1

1	HOUSING REQUIREMENT		
A	Years in plan period (2011/12 - 2029/30)		19
B	Overall housing requirement		5,662
C	Annual housing requirement	C / A	298
2	PERFORMANCE TO DATE (2011/12-2015/16)		
D	Housing requirement	C x 5	1,490
E	Housing provision		1,234
	• New housing delivery		364
	• Reoccupation of long-term empty homes		870
F	Current position (against the housing requirement)	E – D	-256
3	FIVE YEAR REQUIREMENT (2016/17-2019/20)		
G	Five year requirement	C x 5	1,490
H	Five year requirement + 20% buffer	G + 20%	1,788
J	Five year requirement + 20% buffer - Delivery	H - F	2,044
4	FIVE YEAR SUPPLY (2015/16-2019/20)		
K	Dwellings on deliverable sites (SHLAA 0-5 years)		2,079
L	Number of years of supply	K / (J / 5)	5.1

Appendix F: Employment Land Review (ELR) Update

F1.1 The Pendle Employment Land Review (ELR) (1st Revision) (2013) forms a key part of the evidence base used in the preparation of the Core Strategy. The ELR includes an analysis of the supply of, and demand for, employment land in the borough. This has been used to determine the employment land requirement in the Core Strategy.

F1.2 The annual monitoring of employment land completions and newly available sites provides an opportunity to reassess the overall employment land supply position.

F1.3 To determine the current employment land supply the following actions must be carried out:

- Calculate the amount of employment land delivery (cumulative completions)
- Assess whether any of the ELR portfolio sites have been completed and if so, remove from the supply.
- Assess whether any new sites not included in the portfolio have been identified (above the site size threshold of 0.25ha) and include them in the supply.

F1.4 Table F1 provides an update to Table WRK2a in the Core Strategy.

Table F1

				ELR 2011/12	2013/14	2014/15	2015/16
Demand	A	Average annual take up (net)	ha	2.32	2.32	2.32	2.32
	B	Projected increase in take-up	%	2.29	2.29	2.29	2.29
	C	Projected annual average take-up (net) [A+B]	ha	2.37	2.37	2.37	2.37
Policy	D	Plan period (2011-2030)	yrs	19	19	19	19
	E	Projected requirement (net [CxD])	ha	45.09	45.09	45.09	45.09
	F	Flexibility factor	ha	4.64	4.64	4.64	4.64
	G	Allowance for losses	ha	18.26	18.26	18.26	18.26
Supply	H	Projected requirement (gross) [E+F+G]	ha	68	68	68	68
	I	Employment site portfolio (after Stage 1 ELR review)	ha	29.15	31.15	33.04	30.92
	J	Contribution from vacant premises	ha	13.4	9.98	7.96	5.76
	K	Delivery (Cumulative employment completions)	ha	4.89	6.82	7.49	9.52
	L	New sites identified through monitoring work (above 0.25ha)	ha	0	1.45	1.64	1.45
	M	Strategic Employment Site	ha	0	16	16	16
	N	Shortfall in supply [H-I-J-K-L-M]	ha	20.56	2.6	1.87	4.35

F1.5 The table shows that the portfolio of sites and the contribution from vacant premises have both decreased. This has occurred because some of the vacant premises have been reoccupied and some of the land has been taken –up for alternative uses (e.g. housing).

F1.6 The table also shows that the cumulative delivery of employment land since 2011 equates to 9.52ha. Along with the identification of 1.45ha of land through the monitoring work and the

allocation of the Strategic Employment site in the Core Strategy, accounting for 16ha, the shortfall in supply now stands at 4.35ha.

- F1.7 As part of the Local Plan Part 2: Site Allocations and Development Policies, additional employment land will need to be identified and allocated to make up the shortfall.
- F1.8 Future monitoring will be important to show the progress in meeting the employment land requirement and identify changes in the portfolio of sites.

Appendix G: Retail Capacity Study (RCS) Update

- G1.1 The Pendle Retail Capacity Study was prepared by Nathaniel Lichfield and Partners in 2007 and updated in 2012.
- G1.2 The report provides a borough wide assessment for retail and commercial leisure uses in Pendle. It identifies requirements for both convenience and comparison shopping facilities up to 2033. This relates to the A1 retail use class, which is divided into two types:
- Convenience goods - are those purchased on a regular basis, including food, groceries and cleaning materials.
 - Comparison goods - are durable goods such as clothing, household goods, furniture, DIY and electrical goods.
- G1.3 Chapter 4 of the 2012 Retail Capacity Study included the following table, which set out the potential capacity for new retail (A1 use class) floorspace in Pendle (over and above existing commitments at the time of preparing the update (i.e. 2012)).

Table G1

Period	Sales Floorspace (sqm net)	
	Convenience	Comparison
Up to 2023	551	3,933
Up to 2033	1,262	8,889

Table G2 below provides details of the net completions since the update and the revised retail capacity taking account of these completions.

Table G2

Period	Sales Floorspace (sqm net)	
	Convenience	Comparison
Net completions (2012/13-2015/16)	2,141	263
Revised capacity up to 2023	-1,590	3,670
Revised capacity up to 2033	-879	8,626

- G1.4 Table G2 shows that between 2012/13 and 2015/16 there has been 2,114m² of convenience floorspace completed and 263m² of comparison floorspace completed. These completions have taken up some of the capacity identified in the RCS with the capacity for convenience retail floorspace up to 2023 now being exceeded by 1,590m².
- G1.5 Table G2 only takes account of completions/losses of retail floorspace. The retail and leisure land monitoring data shows that there is a total of 5,636m² of convenience retail floorspace and 6,740m² of comparison retail floorspace available with planning permission. If these developments are brought forward the projected capacity for convenience floorspace to 2033 will be substantially exceeded and a sufficient proportion of the capacity for comparison floorspace will have been taken-up.
- G1.6 The permissions currently available for convenience floorspace include a supermarket in Barnoldswick and a garden centre and farmshop in Colne. These proposals make up a substantial amount of new convenience retail floorspace providing choice and competition in the retail market across the Borough.

Appendix H: Infrastructure Delivery Schedule Update

- H1.1 The Pendle Infrastructure Strategy was prepared as part of the evidence base for the Core Strategy. This included an Infrastructure Delivery Schedule (IDS) to identify infrastructure projects in the borough and show the progress of their delivery.
- H1.2 Indicator SD04 provides an update on the infrastructure projects that are key to the delivery of the Core Strategy. A full update of the IDS has not been completed in the 2015/16 monitoring period. A review of the IDS will be carried out as part of the preparation of the evidence base for the Local Plan Part 2.

Appendix I: Glossary

G1.1 This Appendix provides definitions for key planning terms and acronyms used in this report.

Term / Common abbreviation		Brief Description
Affordable housing	-	<p>Collective term for social rented, affordable rented and intermediate housing, which is made available to eligible households who are unable to afford open market housing.</p> <p>Homes not covered by these three definitions, such as "low cost market" housing, may not be considered as affordable housing for planning purposes.</p> <p>► Affordable Rented Housing ► Intermediate Housing ► Social Rented Housing.</p>
Affordable rented housing	-	<p>Affordable rented housing is let by local authorities or private registered providers of social housing (e.g. Registered Social Landlords, Housing Associations) to households who are eligible for social rented housing. It is subject to rent controls that require a rent of no more than 80% of the local market rent (including service charges, where applicable).</p> <p>► Affordable Housing ► Intermediate Housing ► Social Rented Housing.</p>
Ancient woodland	-	<p>In England, the term ancient woodland is used to refer to land that has been continuously wooded since 1600. Areas of ancient woodland that have never been cleared or replanted are known as semi-natural ancient woodland. This resource cannot increase and is irreplaceable.</p>
Authority's Monitoring Report (previously Annual Monitoring Report)	AMR	<p>A document setting out how the Council's planning policies have been used in the previous financial year (April to March) and whether it has achieved the milestones set out in its Local Development Scheme.</p> <p>► Local Development Scheme.</p>
Appropriate Assessment	AA	<p>Appropriate Assessment is the process and documentation associated with the statutory requirement under the EU Habitats and Species Directive.</p> <p>► Habitat Regulations Assessment</p>
Area Action Plan	AAP	<p>A document that provides the planning framework for a specific location that is usually the subject of a conservation or regeneration initiative. A key feature is its focus on implementation.</p> <p>► Development Plan Document</p>
Article 4 Direction	-	<p>An order which requires work which would normally be exempt from the need to obtain planning permission (i.e. "permitted development") to obtain formal consent.</p>
Biodiversity	-	<p>Derived from the term "biological diversity" it is most often used to refer to the number and variety of plants, animals and micro-organisms found within a specified area (or ecosystem).</p> <p>► Biodiversity Action Plan</p>
Biodiversity Action Plan	BAP	<p>A strategy aimed at conserving biological diversity within a given area through a series of actions focusing on protection and restoration.</p> <p>► Biodiversity</p>
Brownfield land	-	<p>Also referred to as previously developed land, or PDL for short. The term refers to land previously occupied by a permanent structure (excluding agricultural, or forestry buildings) and any associated fixed (surface) infrastructure. The term can also be applied to land occupied by under-used or vacant premises.</p> <p>► Greenfield land ► Previously Developed Land</p>

Term / Common abbreviation		Brief Description
Building for Life	BfL	An initiative which promotes design excellence and celebrates best practice in the house building industry. The Building for Life criteria are the measure by which design quality in new housing is assessed. They cover three main themes: 1. Integrating into the neighbourhood 2. Creating a place 3. Street and home
Climate change	-	A reference to significant long-term change in the 'average weather' conditions (temperature, precipitation and wind patterns) experienced in a particular area. These changes can be caused by external forces, such as variations in sunlight intensity, and more recently by human activities, in particular the consumption of fossil fuels.
Code for Sustainable Homes	CfSH	The Code measures the sustainability of a new home against categories of sustainable design, rating the 'whole home' as a complete package. The Code uses a 1 to 6 star rating system to communicate the overall sustainability performance of a new home. The Code sets minimum standards for energy and water use at each level and, within England. N.B. The Government has now withdrawn the Code as part of the review of housing standards.
Comparison goods	-	Collective term for those items that consumers buy only occasionally and would normally compare prices before buying e.g. furniture, electrical equipment, clothes etc. ► Convenience Goods
Community facilities	-	Collective term for establishments that provide for the social, educational, spiritual, recreational, leisure and cultural needs of the community.
Community Infrastructure Levy	CIL	This is a standard charge, which local authorities can levy on new developments by local authorities to reflect the impact they are likely to have on local services and amenities. The local planning authority must publish a schedule identifying the charges to be imposed for different types of development. These may vary by area. Prior to adoption this schedule of charges must undergo public consultation and independent examination. ► Infrastructure
Conservation Area	-	Areas of special architectural or historical interest, the character, appearance or setting of which it is desirable to preserve or enhance. Properties within a conservation area may be subject to planning restrictions particularly relating to the exterior of the property.
Consultation Statement	-	Demonstrates how each planning document has been prepared in accordance with the requirements set out in The Town and Country Planning (Local Planning) (England) Regulations 2012. The statement should set out: <ul style="list-style-type: none"> • which bodies and persons were invited to make representations at each stage; • how these bodies and persons were invited to make such representations; • a summary of the main issues raised by those representations; and • how those main issues have been addressed in the final document. ► The Regulations
Contaminated land	-	Land that has been polluted and needs to be treated before development can safely take place on the site.
Convenience goods	-	Collective term for relatively inexpensive goods that are purchased frequently at the most convenient location and with the minimum of deliberation e.g. most grocery items, newspapers, petrol etc. ► Comparison goods

Term / Common abbreviation		Brief Description
Decentralised Energy Network	-	A network that produces heat and/or electricity at or near the point of consumption.
Development Management	DM	The process through which the local planning authority considers the merits of a planning application, having regard to the Local Plan and all other material considerations.
Development Plan	-	<p>The statutory Development Plan is made up of a series of documents, which contain the planning policies and site specific allocations to guide the nature and location of development in a particular area.</p> <p>In Pendle the Development Plan will include the following planning documents:</p> <ul style="list-style-type: none"> • Pendle Local Plan Part One: Core Strategy • Pendle Local Plan Part Two: Site Allocations and Development Policies • Bradley Area Action Plan • Joint Minerals and Waste Local Plan: Core Strategy DPD • Joint Minerals and Waste Local Plan: Site Allocation and Development Management Policies DPD <p>(1) Any Neighbourhood Plans that are adopted will also form part of the Development Plan.</p> <p>► Development Plan Documents ► Local Plans ► Neighbourhood Development Plan ► Site Specific Allocations ► Statutory</p>
Development Plan Document	DPD	<p>A statutory planning document that forms part of the Development Plan.</p> <p>► Area Action Plans ► Development Plan ► Proposals Map ► Statutory ► Sustainability Appraisal</p>
Dwelling	-	A self-contained building, or part of a building, usually occupied by a single household. Examples of a dwelling include a house, bungalow, apartment, maisonette etc.
Employment land	-	<p>Land reserved for development by businesses engaged in light industrial or office uses (B1 use class), general industry (B2) or warehousing and distribution (B8).</p> <p>► Employment Land Review</p>
Employment Land Review	ELR	<p>Prepared by local planning authorities to assess the demand for and supply of land for employment and the suitability of sites for employment development, in order to safeguard the best sites in the face of competition from competing uses.</p> <p>► Employment land</p>
Evidence base	-	<p>The body of information and data used to help justify the soundness of the policy approach taken within a planning document.</p> <p>► Soundness</p>
Front loading	-	The term used to reflect that public input and consensus will be sought at the earliest opportunity in the production of new planning documents.

Term / Common abbreviation		Brief Description
General consultation bodies	-	<p>The Regulations require local planning authorities to consult those 'general consultation bodies' as they consider appropriate, in the preparation of documents that will form part of the Local Plan. General consultation bodies include:</p> <ul style="list-style-type: none"> a. Voluntary bodies some or all of whose activities benefit any part of the local planning authority's area b. Bodies which represent the interests of different racial, ethnic or national groups in the authority's area. c. Bodies which represent the interests of different religious groups in the local planning authority's area d. Bodies which represent the interests of disabled persons in the local planning authority's area. e. Bodies which represent the interests of persons carrying on business in the local planning authority's area. <p>► The Regulations ► Specific Consultation Bodies</p>
Green Belt	-	<p>An area of land around built-up areas where there is a presumption against inappropriate development, in order to keep the land permanently open. The intention is to safeguard the countryside from urban encroachment; to prevent adjacent towns and villages from merging; to preserve the special character of historic towns and to assist urban regeneration by encouraging the re-use of Brownfield (previously developed) land.</p> <p>N.B. Not to be confused with Greenfield land. ► Brownfield Land ► Greenfield Land</p>
Green infrastructure	-	<p>The term used to describe natural and managed areas of 'green' land lying both in, and between, our towns and villages, that together make up a network of inter-connected, high quality, multi-functional open spaces and the corridors that link them, which provide multiple social, economic and environmental benefits for both people and wildlife.</p> <p>► Infrastructure.</p>
Greenfield land	-	<p>Describes a site that has either not previously been developed, or where nature has clearly 'reclaimed' a previously developed site.</p> <p>N.B. Not to be confused with Green Belt. ► Brownfield Land ► Green Belt ► Previously Developed Land</p>
Gypsies and Travellers	-	<p>For the purposes of planning policy the term 'gypsies and travellers' refers to persons of nomadic habit of life whatever their race or origin.</p> <p>The term also includes such persons who on grounds of their own, their family's or a dependents' educational or health needs, or old age have ceased to travel temporarily or permanently.</p> <p>The definition excludes members of an organised group circus or travelling showpeople who travel together as such. ► Travelling Showpeople</p>
Habitat Regulations Assessment	HRA	<p>A step-by-step process, which includes the process known as Appropriate Assessment required, under the European Habitats Directive. The purpose is to assess the potential impact emerging planning policies may have - either alone, or in combination with other projects or plans - on the structure, function or conservation objectives for a European site and, where appropriate, assesses these impacts examines alternative solutions.</p>

Term / Common abbreviation		Brief Description
Housing association	-	Term used to describe independent not-for-profit organisations, which own, let and manage rental housing. As not-for-profit organisations, revenue acquired through rent is ploughed back into the acquisition and maintenance of property. Most Housing Associations are Registered Social Landlords. ► Registered Social Landlord
Housing Needs	-	Housing need is defined as the quantity of housing required for households who are unable to access suitable housing without financial assistance.
Infrastructure	-	Collective term for the basic services necessary for development to take place i.e. transport, electricity, sewerage, water, education and health facilities. ► Green Infrastructure
Intermediate housing	-	Homes for sale or rent, which are provided at a cost above social rent, but below market levels. These can include shared equity (shared ownership and equity loans), other low cost homes for sale and intermediate rent, but not affordable rented housing. ► Affordable Housing ► Affordable Rented Housing ► Social Rented Housing.
Landscape character	-	Describes the recognisable pattern of elements – including combinations of geology, landform, soils, vegetation, land use and human settlement - that occur consistently in parts of the landscape. Often defined by the four basic elements of form, line, colour, and texture.
Landscape Character Assessment	-	Study undertaken to define the key elements that make up the landscape character of an area. ► Landscape Character
Lifetime homes	LtH	A set of 16 design criteria that can be applied universally to all new homes at minimal cost, to create adaptable and accessible dwellings. Each design feature adds to the comfort and convenience of the home and supports the changing needs of individuals and families at different stages of life. N.B. The Government has restricted the use of this standard as part of its review of housing standards. ► Dwelling
Local Development Document	LDD	The collective term for a set of documents specified in planning law, which a local planning authority creates to describe their strategy for development and use of land in their area. ► Development Plan Document ► Spatial ► Statement of Community Involvement ► Supplementary Planning Document
Local Development Scheme	LDS	Sets out the timetable for the production of all the documents that will form part of the new Pendle Local Plan.
Local Plan	-	A document setting out detailed policies and site specific proposals to guide the development and use of land. It is used to guide day-to-day decisions on planning applications. The document is drawn up by the local planning authority in consultation with other stakeholders and engagement with the local community, as prescribed in the Regulations. ► Proposals Map ► The Regulations
Local Transport Plan	LTP	A bidding document to help secure funding for local transport projects. Lancashire County Council is responsible for preparing the Lancashire Transport Plan.
Local Strategic Partnership	LSP	A non-statutory body of public, private, community and voluntary sector organisations working together to support one another so that they can help improve service delivery and deliver a better quality of life for local residents. The key goals of the LSP are set out in the Sustainable Community Strategy. The LSP for Pendle is known as Pendle Partnership. ► Statutory ► Sustainable Community Strategy

Term / Common abbreviation		Brief Description
National Planning Policy Framework	NPPF	Published on 27th March 2012, this document forms the basis of the planning system in England. It sets out the Government's planning policies, with which all new development should be in conformity. Separate planning policy is provided for minerals and traveller sites.
National Planning Practice Guidance	NPPG	Published on 6th March 2014, this online resource brings together planning practice guidance for England in an accessible and usable way. The guidance will go through a regular review process to ensure it is relevant, usable and up-to-date.
Neighbourhood Development Plan	NDP	<p>More commonly referred to as Neighbourhood Plans, these are a new way for communities to decide the future of the places where they live and work.</p> <p>Neighbourhood planning is optional, not compulsory, but Parish Council's, or recognised neighbourhood forums, will be able to:</p> <ul style="list-style-type: none"> • Choose where they want new homes, shops and offices to be built. • Have their say on what those new buildings should look like. • Grant planning permission for the new buildings they want to see go ahead. <p>Neighbourhood Plans must be in general conformity with national planning policy and communities cannot use them to block the building of new homes and businesses required by the Council's Local Plan (Core Strategy). They can, however, use Neighbourhood Plans to influence the type, design, location and mix of new development in their community.</p>
Open Space	-	The term used to describe all open space of public value, including not just land, but also areas of water (such as rivers, canals, lakes and reservoirs) which offer important opportunities for sport and recreation and can act as a visual amenity.
Planning obligation	-	<p>New development often creates a need for additional infrastructure or improved community services and facilities, without which there could be a detrimental effect on local amenity and the quality of the environment.</p> <p>A planning obligation is a private agreement negotiated, usually in the context of a planning application, between the local planning authority and the applicant. It is used to secure measures that are intended to make acceptable development which would otherwise be unacceptable in planning terms. Planning obligations are normally secured by way of a Section 106 agreement.</p> <p>► Community Infrastructure Levy</p>
Previously Developed Land	PDL	<p>Term used to refer to land previously occupied by a permanent structure and any associated surface infrastructure.</p> <p>► Brownfield Land</p>
Proposals Map	-	<p>Map of the district, using an Ordnance Survey base to illustrate the spatial implications of the policies and proposals contained in the other Development Plan Documents. The map defines sites where particular developments or land uses are favoured, or those areas that are protected from development. Detailed inset maps are used where additional clarity is required.</p> <p>► Spatial</p>
Public realm	-	Public and private open spaces in our built up areas, both between and within buildings, that are available without charge for public use.
Registered Social Landlord	RSL	<p>Independent, not-for-profit private sector organisations, which provide social housing. They are registered with, and regulated by, the Homes and Communities Agency.</p> <p>► Housing Association</p>

Term / Common abbreviation		Brief Description
Regional Spatial Strategy	RSS	<p>Regional spatial strategies (RSS) were introduced in 2004 to provide regional level planning frameworks for the eight regions of England outside London.</p> <p>These Strategies have now been revoked and abolished by the Government and no longer form part of the Development Plan.</p> <p>► Development Plan ► Strategic Environmental Assessment</p>
The Regulations	-	Reference to The Town and Country Planning (Local Planning) (England) Regulations 2012, which govern all matters relating to the preparation of local development documents.
Renewable Energy	-	An energy resource that is replaced rapidly by natural processes and essentially cannot be exhausted. Examples include wind energy, solar energy and hydro-electric power.
Secured by Design	SBD	A Police initiative supporting the principles of designing out crime by the use of effective crime prevention and security standards for a range of applications.
Site specific allocations	-	<p>The allocation of land for particular uses within a Development Plan Document.</p> <p>► Development Plan Document</p>
Social Rented Housing	-	<p>Social rented housing is a type of affordable housing where guideline target rents are determined through the national rent regime so that tenants in similar properties, in similar areas, pay similar rents.</p> <p>► Affordable Housing ► Affordable Rented Housing ► Intermediate Housing.</p>
Soundness	-	This means founded on a robust and credible evidence base and is the most appropriate strategy when considered against the reasonable alternatives. For something to be sound is must also be deliverable, flexible and able to be monitored.
Spatial	-	<p>Although often used instead of the term ‘geographic’, it has a much broader meaning in that it refers to an in depth understanding of the position, area and size of features in a particular location, and the relationship that this place has with other locations.</p> <p>► Spatial Planning</p>
Spatial planning	-	<p>Spatial planning refers to the methods used by the public sector to influence the distribution of people and activities in a particular area. It goes beyond traditional land use planning, in that it brings together and integrates policies for the development and use of land with other policies and programmes which influence the nature of places and how they function.</p> <p>This will include policies which can impact on land use by influencing the demands on, or needs for, development, but which are not capable of being delivered solely or mainly through the granting or refusal of planning permission and which may be implemented by other means.</p>
Specific consultation bodies	-	<p>The Regulations require local planning authorities to consult each of the ‘specific consultation bodies’, to the extent that they consider that the proposed subject matter affects the body, in the preparation of documents that will form part of the Local Plan.</p> <p>The list of specific consultation bodies is identified in the regulations, but includes organisations such as major government departments and regional agencies, neighbouring local authorities, parish councils in and adjacent to the borough and infrastructure providers.</p> <p>► General Consultation Bodies ► Regulations</p>
Stakeholder	-	The term used to describe any organisation or individual that has a direct interest in, or is affected by, the actions or decisions of another individual or organisation.

Term / Common abbreviation		Brief Description
Statement of Community Involvement	SCI	<p>Sets out how a local planning authority (e.g. Pendle Council) intends to consult the public and selected organisations in the preparation, alteration and continuing review of all Local Development Documents and development management decisions. It explains how people and organisations can get involved in the preparation of new planning policy and how they will be consulted on planning applications.</p> <p>The SCI is no longer subject to independent examination but is still part of a comprehensive approach to engagement. ► Local Development Documents</p>
Statutory	-	Required by law (statute), usually through an Act of Parliament.
Strategic Environmental Assessment	SEA	<p>A legally enforced assessment procedure required by EU Directive 42/2001/EC. The directive aims to introduce a systematic assessment of the environmental effects of strategic planning and land use decisions. The environmental assessment requires:</p> <ul style="list-style-type: none"> • the preparation of an environmental report; • the carrying out of consultations; • taking into account the environmental report and the results of the consultations in decision making; • the provision of information when a plan or programme is adopted; and • showing that the results of the environmental assessment have been taken into account. <p>For planning documents, the SEA requirements have been incorporated into the Sustainability Appraisal. ► Sustainability Appraisal</p>
Strategic Flood Risk Assessment	SFRA	<p>Refines flood mapping information on the probability of flooding, taking other sources of flooding and the impacts of climate change into account, in order to:</p> <ul style="list-style-type: none"> • Provide a map-based planning tool that can be used to inform the preparation of planning policy and day-to-day decisions on individual planning applications. • Inform and anticipate the Environment Agency's response to the various stages of the planning process. • Help steer new development away from areas at highest risk of flooding. • Assist with emergency planning.
Sub-regional	-	The term used to describe any subdivision of a region, larger than a district authority. For example Lancashire and East Lancashire are both sub-regions of North West England.
Supplementary Planning Document	SPD	<p>Cover a range of thematic or site specific issues in order to provide additional information and guidance that expands on the policies contained in 'parent' Development Plan Documents.</p> <p>They do not form part of the statutory Development Plan and cannot be used to allocate land or introduce new planning policies (Development Plan Document). Although SPDs go through public consultation procedures and sustainability appraisal, they are not subject to independent examination.</p> <p>SPDs will replace existing Supplementary Planning Guidance. ► Development Plan ► Development Plan Documents ► Statutory ► Sustainability Appraisal</p>
Sustainability Appraisal	SA	<p>The process of assessing the policies and site allocations in a Development Plan Document, for their global, national and local implications on social, economic and environmental objectives. ► Development Plan Document ► Strategic Environmental Assessment</p>

Term / Common abbreviation		Brief Description
Sustainable Community Strategy	SCS	<p>This is a community document prepared by Pendle Partnership, the local strategic partnership for the borough. It sets out the strategic vision for the area and provides a vehicle for considering how to address difficult issues such as the economic future of an area, social exclusion and climate change.</p> <p>It is a vision document which and the Core Strategy must be aligned with its objectives.</p> <p>► Local Strategic Partnership</p>
Sustainable Development	-	<p>Various definitions of sustainable development have been put forward over the years, but that most often used is the Brundtland definition: enabling development that meets the needs of the present without compromising the ability of future generations to meet their own needs.</p> <p>Planning seeks to promote sustainable development by helping to achieve a balance between economic growth, social advancement and environmental conservation.</p>
Travelling Showpeople	-	<p>For the purposes of planning policy the term ‘travelling showpeople’ refers to members of a group organised for the purpose of holding fairs, circuses or shows.</p> <p>The term also includes such persons who on grounds of their own, their family’s or a dependents’ educational or health needs, or old age have ceased to travel temporarily or permanently.</p> <p>The definition excludes Gypsies and Travellers.</p> <p>► Gypsies and Travellers</p>
Use Class	-	<p>A change in the use of land or buildings is considered as development and therefore normally requires planning permission.</p> <p>The Town and Country Planning (Use Classes) Order 1987 (as amended) places the use of land and buildings into 16 use classes. In many cases involving similar types of use, a change of use of a building or land does not need planning permission.</p>
Windfall sites	-	<p>Sites, including building conversions, which are not included as part of the housing or employment land supply, but which unexpectedly become available for development.</p>

Appendix J – Environmental Data

Appendix J1 – Renewable Energy Completions Data

J1.1 The table below provides a list of all renewable energy development sites that were fully completed during the 2015/16 monitoring period.

J1.2 The data is ordered by location.

RENEWABLE ENERGY COMPLETIONS SCHEDULE (1st April 2015 - 31st March 2016)

Site Ref.	Site Name and Address	App. No.	Permission	Renewable Energy Type and Power Output (MW)	If Wind:	
					Number of turbines	Height to tip (m):
123	36 Higher Reedley Road Higher Reedley Road Brierfield	13/14/0095P	Full: Erect single storey side and rear extension, first floor extensions over ground floor and garage with balcony, decking at rear, perimeter wall and solar panels on new first floor roof.	Type 1 Solar Photovoltaic 0.002 Type 2 0 Type 3 0	0	0
111	Floyt Bridge Farm Delves Lane, Southfield Nelson	13/14/0229P	Full: Erection of a 50kw wind turbine (Hub height 24.8m, maximum tip height 34.5m) Placed on concrete foundations 49m2, cabling and control cabinet.	Type 1 Wind 0.05 Type 2 0 Type 3 0	1	34
110	Cowfield Farm Burnley Road Trawden	13/14/0226P	Full: Erection of 225kw turbine (30m to hub, 47m overall height) including foundations and cable trench.	Type 1 Wind 0.23 Type 2 0 Type 3 0	1	47
				Total Power Output	0.277	

Appendix J2 – Renewable Energy Availability Data

- J2.1 The table below provides a list of all sites with a current extant planning permission for renewable energy development as of 31st March 2016 where work has either not yet started or remains incomplete.
- J2.2 The data is ordered by location.

RENEWABLE ENERGY AVAILABILITY SCHEDULE (31st March 2016)

Site Ref.	Site Name and Address	App. No.	Permission	Renewable Energy Type and Power Output (MW)			If Wind:	
							Number of turbines	Height to tip (m):
122	Cemetery House	13/14/0243P	Full: Conversion and extension of outbuilding to create single dwelling, including creation of parking area and ground mounted solar panels within curtilage.	Type 1	Solar Photovoltaic	0.004	0	0
	Colne Road			Type 2		0		
	Trawden			Type 3		0		
Expiry date if not started: 21/08/2017
