No because we are the new generation and we should decide the future

no I would vote to make an impact on the future
No reason I would not as my parents vote.
One vote could change anything, also every little helps.

So I have my saying.
So that I can have a say in what happens in the community.
so that my opinion matters
So that somehow I could make a difference and vote for what I think is right.
So that someone who is good for us makes decisions for us.
So the right person gets elected.
so then I can get my point out
So then my opinion would be heard a little bit.
So there's an extra vote for something to happen to Nelson.
So we know what's the best for the future.
the make the enviroment a better place
the person who is the next government is going to decide how I live so I rather pick the one best for me
There are woman that risked their life's for the right and even though there may not be a party that I'm
totally supportive of I have to make the best of what we have.
There is no reason but I want to have a say.
There is no reason I just do it like vote
There is no reason I would just want to have a say.
To be part of the community.
to change things and make it better
To change things and make it better/better environment.

	You have to vote.

You want to decide who is your countries head leader.
You want to decide who is your country's next leader.
because anybody doesn't want to vote
Because don't want to vote because it'll be new for us to do it.
Because effort.
Because I don't knowhow it will benefit me and its majority anyways
Because I don't like either people so why should I?
Because I don't want to get involved.
Because I don't want to.
because I doubt one vote will make all the difference. so I still have mixed feelings on voting.
Because I have gotten this right, which I shouldn't miss
because it wouldn't interest me
Cant be bothered.
Don't care about it.
Don't care about politics.
don't think its worth it
Don't want to and I would be busy with my life and if I vote then people will question me.
I am not interested in voting for elections.
I don't agree with most politics
I don't really care
I don't really care about politics.
I like to say out of politics.
I think it's really tough decision. It's why I don't want to vote.
I would let other people do the voting.
I would not vote because I don't like the prime minister and he has made GCSE harder.
I wouldn't vote because I don't see the point because every party does the same thing.
I`m not into politics.
I'm not interested.
It barely makes a difference anyway.
Not interested
Not interested relay.
wouldn't know which party to vote for
Yes because I don't care what happens.
because I may not know who I want to vote for
Depends if the people have got ideas that will benefit my family and friends.
don't know
Don't know
Don't know
Don't know.
Don't know.
Don't know.
Don't know.
I don't know
I don't know but I probably will to help change the future.
I don't know when the time comes I'll decide.

I don't know yet
I don't know.
I don't know.
I don't know.
I have no clue.
I might vote.
if I didn't care about it
If I don't find the vote important I wouldn't vote. If I don't get the application or I have to travel far I wouldn't
vote
If I wasn't going to vote it's because I would disagree with both sides.
it depends in what the voting is for.
It depends really I might vote, I might not I can't predict the future.
It just depends on the people who I vote for
maybe
maybe if I don't like the option
Maybe if there important such as choosing a prime minister.
No

No particular reason
No reason.
No reason.

Donald Trump	
Donald trump is bad	
Don't understand it.	
don't think the candidates who do get voted in, stay true to the statements that they make, and al	l I see
when elections come around are mounds of useless paper which used to be a living tree being put to	o waste,
for that tree that was cut down could have been used to continue decreasing the amount of pollutic	on in the
air by reducin	
want to live in a different country.	
Politics is just a bunch of adults acting children and trying shout above each other.	
the prime ministers are rubbish
