Our ref. 283467

Dear Mr Wellock,

Barrowford Neighbourhood Plan Habitats Regulations Assessment

Thank you for your email dated 22 May 2019 requesting Natural England's response to the
Barrowford Neighbourhood Plan Habitats Regulations Assessment.

Natural England agrees with the report's conclusions that the Barrowford Neighbourhood Plan
would not be likely to result in a significant effect on any European Site, either alone or in
combination and therefore no further assessment work would be required.

Yours sincerely

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected
and England's traditional landscapes are safeguarded for future generations.

In an effort to reduce Natural England's carbon footprint, I will, wherever possible, avoid travelling
to meetings and attend via audio, video or web conferencing.

Natural England offers two chargeable services - the Discretionary Advice Service, which provides
pre-application and post-consent advice on planning/licensing proposals to developers and
consultants, and the Pre-submission Screening Service for European Protected Species mitigation
licence applications. These services help applicants take appropriate account of environmental
considerations at an early stage of project development, reduce uncertainty, the risk of delay and
added cost at a later stage, whilst securing good results for the natural environment.
