

Environmental Permit Public Consultation

Application under the Environmental permitting (England and Wales) Regulations 2016

The online register provides facility to view applications for Environmental Permits and Applications or For A Substantial Change to An Existing Permit under the Environmental Permitting (England and Wales) Regulations 2016.

You can get involved by viewing and commenting about any ongoing consultations. Any written comments you make on applications will be placed on the public register unless a statement is provided requesting this not to be done. If there is such a request the register itself will just include a note that representations have been made which are not on the public register because of such a request.
