- Please provide any additional comments in support of your representation SP11 Transport & Connectivity. Para 4.150 Gives the impression that the short term measures to manage the flow of traffic in the North Valley have secured some improvement in the flow of traffic. There is no evidence that this is true. In fact all of the measures (known as the Route Management Strategy) have not yet been completed. The Policy Text should be amended to say that the Council will also lobby for the completion of the Route Management Strategy in the North Valley of Colne.
