**Subject:** Re: Pendle Borough Council: Notice of Core Strategy Submission

Dear Mr Halton

Thank you for the email notification, it is very useful to finally be informed and kept relatively up to date by the Council.

I would just like to point out for the record that the Summary Representations document submitted to the Planning Inspectorate in December totally misrepresents the representations and comments I made to your proposed plan.

While I wasn't expecting a like for like copy of my comments, in what is a summary document, I think it is fair to say as a resident of Pendle significantly impacted by the proposed Core Strategy that all of the comments and points I raised would be summarised to the Inspectorate. After all I am sure it is in all parties interests to have an open and transparent process in any plan making procedure.

I look forward to actually having the opportunity to discuss the Council's proposals during the Public Examination.

Regards

Mark Roberts
