Dear Neil Watson

WHEATLEY LAITHE FARM – CORE STRATEGY ALLOCATION

Further to a meeting at Pendle Town Hall with Dean Langton and yourself today (with William Hargreaves, myself and John Baron from AJP Surveyors), I wish to withdraw my objection to Wheatley Laithe Farm being included as land to be allocated to future industrial development in the core strategy.

Only after this meeting were we clear about the purpose of inclusion – we assumed we'd have to move more or less immediately – whereas we understand why the council are under an obligation to allocate land for future industrial/employment use.

The council have explained this is part of a 15 year plan and it would be in everybodys' interests not to object to allocation. William Hargreaves is also in agreement with this course of action.

Regards

Angela Arnold
