Dear Mr Halton

Pendle Core Strategy (CS) Examination – Wind Energy Development

Thank you for your letter dated 24 July 2015.

I note your preferred approach and suggest that you proceed to undertake public consultation on the basis of Option 3 as soon as possible. Please ensure that the wording within justification to the policy and the Monitoring and Delivery Framework is consistent with the Proposed Main Modification.

I look forward to receipt of the responses to the recent Main Modification consultation exercise and the Council's responses thereto. This will allow me to take these into account within my report.

In view of the additional 6 week period required for consultation on changes to Policy ENV3, there is a possibility that the date given for the 'fact check' report may not be met. However, I will endeavour to do all that I can to minimise any such delays.

Yours sincerely

Mark Dakeyne
