4. END OF LIFE NURSING CARE

Enc. At the last meeting of the Panel, consideration of the attached briefing note was deferred to this meeting, to allow Members time to consider a national report that had been released that same day. This can be accessed via the following link - <https://shapeatlas.net/dementia/#6/52.955/-2.153/l-p65>

On looking into this further, it is noted that the information released is in the form of a dementia care atlas and specifically relates to dementia care across the country. This can be further broken down into care across East Lancashire.

The dementia care atlas does not cover the areas of concern raised with regard to end of life nursing care. The Panel is therefore asked how it wants to proceed.
