ISSUE

Visual Audits

At its meeting in November 2014 the Committee requested a report back after each round of EVAs in Brierfield and Reedley. The last EVAs were held on 18th and 25th August. The EVAs included 367 properties in the Reedley Ward in addition to the 1384 properties in the Brierfield Ward.

Overall there continues to be a significant improvement in Brierfield compared with nine years ago when EVAs first started and seven years ago when conditions were recorded at their worst. The August EVAs saw an overall reduction compared with six and twelve months previously. There continues to be concern regarding rubbish being left in back streets and a recent increase in offensive graffiti.

Actions from the last round of EVAs include:
