ISSUE

Background

As part of the Housing Market Renewal Programme in Bradley, the Council acquired the former Regents Cinema site off Leeds Road/Vulcan Street in Nelson to address what was both an eyesore and a problematic vacant property on this important gateway into Nelson (see attached location plan).

The site was used as a compound for the redevelopment of the Bradley Hub and was subsequently the subject of discussions with the Fairmore Medical Practice (located opposite) who wanted to use the site as a car park for their patients. Unfortunately this has not proved feasible due to a lack of funding.

The site remains vacant and is sometimes the subject of anti-social behaviour.

In order to bring the site back into use and to end the council's maintenance liability for it, it is recommended that the site is declared surplus and marketed for sale.
