## **CAPITAL PROGRAMME 2016/17**

### **PURPOSE OF REPORT**

To advise members on the Committee's 2016/17 capital budget.

### **RECOMMENDATIONS**

- (1) That members note only the schemes listed in Appendix 1 have agreed funding.
- (2) That members note £4,358 is uncommitted.
- (3) That any late bids be considered by the Committee.

### **REASON FOR RECOMMENDATIONS**

To enable the capital programme to be allocated efficiently and effectively.

### **ISSUE**

#### ***Uncommitted from 2015/16***

1. This is £559.

#### ***Allocation for 2016/17***

2. This is £20,520 (ie £12,070 capital plus £8,450 revenue).

#### ***Effective Total Allocation for 2016/17***

3. This is £25,908 (including £4,829 retained in 2015/16 pending progress on the implementation of service/asset transfers which was reinstated by the Executive on 30 June 2016).

### ***Commitments for 2016/17***

4. These total £21,550 (see Appendix 1).

### ***Uncommitted for 2016/17***

5. This is £4,358.

### ***Additional Source of Capital Funding***

6. Appendix 2 to this report for information is a list of current Section 106 (Planning) Agreements where finance has been received provided by Planning and Legal Services relating to the Barrowford and Western Parishes area.
7. The Pendle Three-Tier Forum (now disbanded) on 1 April 2014 stressed the need to seek match funding for highway schemes and improvements. It was agreed that the Borough Council via its area committees should approach the County Council for match funding wherever possible.

### ***Financial Advice***

8. Please refer to the Financial Implications section of this report. Bids for new funding should be submitted on the usual forms (Form A for internal bids and Form B for external bids) in order that members can evaluate them on a consistent basis.

### ***Existing Bids***

#### ***Overspend – Additional Funding Required***

9. *None.*

#### ***Underspend – Deallocate Funding***

10. *None.*

### ***New/Deferred Bids***

11. *None.*

### ***Late Bids***

12. Any late bids to be reported prior to or at the meeting.

## **IMPLICATIONS**

**Policy:** The capital programme is required to be allocated and managed in accordance with the Council's Corporate Capital Strategy 2015/18.

**Financial:** Expenditure for capital purposes is primarily expenditure on the acquisition, reclamation or enhancement of assets (eg buildings, land, plant and machinery). "Enhancement" means substantially lengthening the useful life of the asset, substantially increasing its open market value or substantially increasing the use of the asset. Other expenditure for capital purposes can include computer costs (for use over a period exceeding one year) and incidental costs involved in a capital project (eg officers' salaries and professional fees). Anything not covered by "proper practices" must be treated as revenue expenditure.

As in previous years, and in accordance with proper accounting practice, the revenue allocations can be used to fund capital expenditure but under no circumstances can the capital allocation be used to fund revenue expenditure.

A list of good practice in the allocation of funding has been proposed by the Council's Financial Manager in order to assist members when considering the allocation of the capital and revenue budgets. The list is as follows:

1. The funding should assist a scheme which contributes to meeting the Council's corporate priorities
2. Allocate reasonable amounts to projects early to allow for effective planning and implementation.
3. Look for opportunities to maximise the effectiveness of the allocation through match funding.
4. Consider allowing some contingency for projects that may be presented during the year.
5. Try to avoid allocation of funds at the end of the financial year.
6. Consider the revenue consequences of capital schemes in terms of ongoing cost.

**Legal:** There are legal implications for a number of the proposals listed above in terms of necessary permissions, agreements and possible long-term liabilities and responsibilities.

**Risk Management:** The capital programme is required to be allocated and managed in accordance with the Council's policies and procedures. The proper management of the programme is intended to minimise any exposure to unnecessary risk associated with the programme and the individual schemes within it.

**Health and Safety:** The implementation of the programme has associated risks in terms of health and safety. The Council is required to meet all relevant legal requirements for the effective management of health and safety risk and has policies and procedures in place to ensure health and safety standards are maintained.

**Climate Change:** Some of the schemes identified will encourage the reduction of carbon emissions, such as traffic calming schemes and cycle facility provision.

**Community Safety:** A number of the schemes listed above have implications in terms of community safety. Wherever possible, the projects are managed in a way that enhances community safety.

**Equality and Diversity:** The capital programme is required to be allocated and managed in accordance with the Council's policies and procedures, including those relating to equality and diversity.
