**61. CYCLING LEGACY STRATEGY**

Tricia Wilson, the Neighbourhood Service Project Co-ordinator presented an update on Pendle's Cycling Legacy Strategy 2016/2021 which was adopted in March 2016. She explained the three main aims of the Strategy and the positive work that was being carried out towards achieving these aims.

It was noted that the limited availability of external funding had restricted the level of progress and would continue to be an issue going forward.

As an example, it was reported that the current round of approved funding for the Lancashire Cycle Way had been awarded to schemes in Blackburn, Hyndburn and Rossendale.
