## **Public Spaces Protection Order – Heyhead Park**

### **PURPOSE OF REPORT**

To update the Committee on proposals and options for a Public Spaces Protection Orders (PSPOs) in relation to Heyhead Park.

### **RECOMMENDATIONS**

That proposals for public and partner consultation for a Public Spaces Protection Order for Heyhead Park be agreed in relation to the control of dogs and to incorporate the relevant parts of the existing Parks by-laws

### **REASON FOR RECOMMENDATIONS**

To enable the Council and its partners to respond to concerns regarding behaviour that is detrimental to the quality of life in public spaces in Pendle including enforcement action.

### **ISSUE**

1. At its 30 June 2016 meeting the Executive agreed a detailed timetable to develop Public Spaces Protection Orders for parks; sports pitches; local nature reserves; town centres and back streets with alley gates.
2. Attached as Appendix 1 are proposals for consultation on a PSPO for Heyhead Park. The consultation will include notices at Park entrances with details on how to participate in an on-line survey; detailed correspondence with partners, including the Town and parish Councils, and groups that use Parks; a press release and an on-line survey.
3. The intention of the proposals is to strike a balance between the use of those areas of the Park set out for a specific use or visual enjoyment and those areas which are public open space. The proposals seek to minimize restrictions on dog walkers while maintaining the enjoyment of

other Park users. However, in the case of Heyhead Park there is no area sufficiently open and separate from areas with specific uses to allow dogs off a lead.

4. The proposals enable Council and Police officers to require dog walkers to put their dogs on a lead if they have concerns for other Park users. They also enable those officers to enforce what are currently by-laws through a fixed penalty notice rather than prosecution.
5. Members are invited to comment on the proposals. In doing so it should be kept in mind the Council will need to evidence the behaviour to be prevented is:
  - having or be likely to have a detrimental effect on the quality of life of those in the locality
  - persistent or continuing in nature, and
  - unreasonable:

The council will also need to show that what is included in a PSPO is reasonable and enforceable as there is a right of appeal against a PSPO being implemented.

## IMPLICATIONS

**Policy:** The legislation reinforces the continuing role of the Council in responding to anti-social behaviour

**Financial:** The opportunity the legislation provides and public expectation imply that these powers will be used by the Council and cost will be incurred. It is anticipated that the implementation and the enforcement of the powers described above can be dealt with within existing staffing resources.

The cost of publicising the Orders (i.e. signage at all entrances of an area covered by an order per entrance) is estimated at £10,000 per annum over a 2 year period commencing from April 2016. The costs in 2017/18 will be managed within approved budgets.

**Legal:** The Council has the lead role on the use of PSPOs. Members of the public have a right of appeal on the basis the Council did not have the power to make the order or to include particular prohibitions or requirements or that one or more of the preliminaries has not been complied with (eg consultation). Appeals are heard in the High Court.

**Risk Management:** The legislation supports those elements of the Risk Management Plan relating to community safety; environmental crime and environmental protection.

**Health and Safety:** Direct intervention in the enforcement of breaches poses a risk for the staff involved which is mitigated through the Council's risk assessments, lone working policy, use of the Volcano database and working in partnership with other agencies.

**Sustainability:** The legislation supports those elements of the Sustainable Communities Strategy relating to community safety; environmental crime and environmental protection.

**Community Safety:** The legislation re-enforces the continuing role of the Community Safety Partnership; the Partnership Plan and local delivery on community safety within an area and county based strategic landscape.

**Equality and Diversity:** The legislation was subject to a detailed government impact assessment.
