**Amount requested:**

£500

**Who should the cheque be made payable to?**

Salterforth Toilets Group

**Brief details of Project:**

The Group came together with the Aim of keeping Salterforth Toilets open after they were closed by Pendle Council. Our current aim is to keep the toilets open as long as possible but only if we have the money to fund them in advance. We are again looking for funding to help us with a broken Sewage pipe. We had managed to clear the blockage several time but each time the challenge got harder until we finally had to enlist help of a drain specialist which cost £250. They cleared the drain but found the fault to be a collapsed pipe and the fault would reoccur without it being replaced. They gave us a quote of £1500. Unfortunately that would just about clean us out but our Goal is to keep the Toilets open as long as possible.

**Main Outcomes to be Achieved:**

To repair the pipe and keep the Disabled and Female Toilets open without impacting on next years funding.

**When will Project be implemented?**

ASAP

**Who will undertake the Project works?**

The Committee and their friend do all the project work. We are currently recovering from a major leak. We had to replace the water pipe from the Mains to the toilet about 30mtrs and put in land drains to reduce flood.

**Is the bid for capital or revenue funding?**

Both

**Is there match funding for the Project from elsewhere?**

No

**If so, please give details:**

**Are there long-term revenue consequences and how will these be funded?**

We are seeking funding from anywhere we can. We currently have a donation box at the toilets. We run a Race Night at the Anchor in Winter. If we don't have the money we will either close or reduce the opening time.
