Is the bid for capital or revenue funding? Both

Is there match funding for the Project from elsewhere? No

If so, please give details: N/A

Are there long-term revenue consequences and how will these be funded?

To maintain the 30 bins currently in-situ it costs **£875** each time they are filled. If the committee is to continue with the provision and maintenance of red grit bins it will need to allocate money from its capital programme. There is no PBC revenue budget for this as gritting and grit bins are LCC responsibilities.
