Dear Sir I am writing to you too
refuse the License for the Bands @
The Town Square in Barnoldswick
on May Bank Holiday.

As over the 3 days all we get
is drunk people urinating around our cottage
and sick, and if we tell them to stop
all we get is abuse from them on showing
me their private part as they are still weeny
and shout take a photo.

I did tell someone about this and all
I get is if you do not like it move.

I ~~have~~ am disabled with disc in my spine &
feet & hands so can not walk for as a lot
of pain, and lot of med for it my husband
has Tenise and it does not help with

- ✓ The loud Rock music banging all day &
night, and this is from 11am till 11pm
at night and last year they did not
stay to the volume that had to they just
put it up High after the Noise people
told them to put it down. if they get
an license for a bar this will be bad
as the police said they would not cover
it again because of all the trouble
- ✓ They had with under ages drink & drugs
as they were running down side streets
so they were run ragged.

✓ We had people dealing drugs and lots of under age drinking around the square and street around the police were run ragged because of this. There was a fight on the square where the bands play as the police had to go and sort it out. We was told that the police would not police it again because it was bad. When the event has finished the town square is a dirty & ~~mess~~ smelly with vomit, urine & alcohol. And this is left like it until it rains the shop keeps have to clean all their doorways & window.

I am disable and can not walk far and my husband has got Tinsu of the ears so the loud Rock bands make him ill & me. We are so stressed out because can not move away or go on Holiday because worried what we would come home too. The disable people that live in St Andrew House get the same issue I have mentioned
