ENVIRONMENTAL BLIGHT

PURPOSE OF REPORT

To report any new environmental blight sites and provide updates on existing sites.

RECOMMENDATIONS

- (1) That members note the report.
- (2) That members report any new environmental blight sites to the Neighbourhood Services Manager for inclusion in future reports including a contact name and contact details with a brief description of the site and problem.

REASON FOR RECOMMENDATIONS

To deal with environmental blight in the area.

ISSUE

1. The definition of environmental blight is:
 - Untidy/derelict piece of Council land requiring tidying up.
 - Untidy/derelict piece of unregistered land requiring tidying up.
 - Untidy/derelict piece of ***Council-owned or unregistered land*** which needs a scheme to regenerate the site (eg a former garage colony converted to a landscaped parking area).

Private pieces of land requiring tidying are best not dealt with under environmental blight as they may require enforcement. These should be reported to Planning and Building Control to be included on the Problem Buildings List for Section 215 enforcement if the problem is persistent.

2. Any new sites should be reported to Tricia Wilson or Peter Atkinson including a contact name and contact details, exact location and a brief description of the site and the problem.

3. Plans and photographs of the sites will only be included for new sites unless clarification is needed.
4. Please see table below.

Site	Owner	Issue	Area Committee Resolution	Current Position
a) Land off Hill Street/Earl Street, Barnoldswick	Pendle Council	The site was being maintained by Parks but was transferred to Neighbourhood Services as part of the Problem Sites Review	It was resolved to retain this site on the Environmental Blight list to monitor maintenance	The site is on the Problem Sites list which EAG maintains three times a year
b) Cemetery Road Car Park, Earby	Pendle Council	The site belongs to Pendle Council and is managed by Liberata Property Services	Following a site visit it was agreed that drainage improvements were needed as well as resurfacing the car park	Drainage works completed. It was estimated that resurfacing the car park would cost in the region of £6,000. A bid was submitted to Pendle Council's central funding for the full amount. However, this was unsuccessful. Area Committee may want to allocate funds from the 2018/19 Capital Programme
