<p>Please give a general description of the premises (please read guidance note 1)</p> <p>Colne Cricket Club or ‘The Horsfield’ consists of a car park, a pavilion building including bar, a playing field and a small tea room structure. The ground has plastic seating areas dotted around the perimeter on the field. The ground has four entrances, the main entrance on matchdays is a gated and situated adjacent to Byron Road next to the car park. There is also a second entrance on Byron Road closer to the round-about that can be used for larger vehicles to deliver stock. The other two entrances are small gated entrances which are located on Keighley road. The tea-rooms which are on the opposite side to the pavilion is a small building with one floor consisting of a kitchen, toilets and seating area. The pavilion has a ramp at the entrance to allow disabled access. There first floor and roof terrace contain a bar area and two toilets, and the first floor has a disabled toilet, two changing rooms, sponsored bar and a balcony which can be accessed. There are containers storing gardening equipment near the tea rooms as well as practise nets. The ground is fully enclosed by a stone wall.</p> <p>Currently the pavilion is the only part of the site licenced for certain activities (though alcohol consumed anywhere on the premises). The main change in this application is to allow for certain activities to take place anywhere within the curtilage of the property rather than being restricted solely to the pavilion.</p> <p>The site has held large scale events in the past, such as Colne Cricket Club bonfire, and a Fan Park for the semi final of the football World Cup, attracting crowds of around 3,000. These have been dealt with by way TENs or by serving of alcohol within the licensed area, for consumption outside of the licensed area. This application seeks to ensure that the Cricket Club holds a permanent license for those activities and those areas.</p>

M Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b, c, d and e) (please read guidance note 10)

B) Where large scale events are planned outside a sufficient number of door supervisors displaying required ID will operate from prior to admittance of the public until 30 minutes after the terminal hour. Security with a radio or communications device will be placed on the pavilion balcony making sure any development of crime or disorder is prevented before it escalates.

C) CCTV cameras will be in operation 24 hours and be maintained properly along with gas and electrical appliances within the premises. All CCTV will cover the pavilion, have correct resolution and have a large retention capacity so that data can be recorded with ease. All recording will be kept in a secure environment to prevent tampering.

D) Sufficient signage to be accessible to those leaving the venue to minimise prevention of public nuisance. There will also be a sufficient number of bins so that litter is not left in or around the premises.

E) Challenge 25.

b) The prevention of crime and disorder

The number of door supervisors shall be sufficient to properly control entry to the premises (i) at any large scale outdoor events (ii) on occasions where necessary after consultation with the police and management. Operation times for (ii) and (iii) to be agreed with police and management.

A closed-circuit television CCTV system in the function room will display the time and date of the recording and the system will be operated during all permitted hours.

The cameras shall be sufficient in number to view any area for licensable activity and any exit/entry and the area immediately outside the main entrance.

Signs will be displayed in the premises to indicate that CCTV is in use and when dealing with incidents or unruly behaviour, staff shall indicate that CCTV is recording the incident.

The system is kept in a working order, is checked regularly and any faults are rectified promptly.

Images and recordings are being kept for 28 days and will be available to police or other authorised authority promptly upon request and there are staff trained who are able to access and operate the system and provide downloads.

The recordings can be accessed and downloaded to another format (e.g. a USB stick or DVD or other recognised format).

All CCTV will cover necessary areas, have correct resolution and have a large retention capacity so that data can be recorded with ease. All recording will be kept in a secure environment to prevent tampering.

c) Public safety

Before opening to the public, checks will be undertaken to ensure all access to the premises are clear for emergency vehicles. Regular checks will be undertaken when the premises is open.

All gas appliances on the premises shall be serviced every year by a registered engineer.

All the electrical appliances and electrical wiring at the premises shall be tested every year by a qualified electrical engineer.

The fire alarm at the premises shall be tested and inspected annually by a qualified engineer.

A suitably trained and competent person must ensure regular safety checks of the premises including decorative and functional fixtures, floor surfaces and equipment (including electrical appliances) to which the public may come into contact are undertaken.

Empty bottles and glasses will be collected regularly paying particular attention to balcony areas and raised levels.

d) The prevention of public nuisance

A sign shall be displayed in a prominent position where it can be readily seen by people leaving the premises and with lettering of such size that it can be easily read saying the following or something of a similar event:

“Please leave quietly without causing any noise or disturbance”.

Licensable activities will be conducted and the facilities for licensed activities will be designed and operated so as to prevent the transmission of audible noise or perceptible vibration through the fabric of the building or structure to adjoining properties

Bottles will not be placed in any external receptacle after 23.00 hours and 07.00 hours to minimise noise disturbance to neighbouring properties

Noise from plant or machinery will be inaudible at the nearest noise sensitive premises during the operation of the plant or machinery. Plant and machinery will be regularly serviced and maintained to meet this level.

The PLH/DPS will ensure patrons use outdoor areas in a manner which does not cause disturbance to nearby residents and business in the vicinity.

Any large scale outdoor event will be referred by The Club to the Event Safety Advisory Group for consultation.

The activities of persons using the external areas for smoking will be monitored after 21:00hrs and they will be reminded to have regard to the needs of local residents and to refrain from shouting and anti social behaviour etc. when necessary.

There will be a maximum of 6 events per annum where licensable activities will be conducted outdoors until 11pm and will include for example a bonfire, big screen events, music concerts and weddings. These will be notified to the Licensing Department. All other outdoor licensable activities outside of these times will cease by 9pm, and these will typically be evening cricket games.

 15. **Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:**

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have the right to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensing activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
