76. CAPITAL PROGRAMME 2019/20

The Housing, Health and Engineering Services Manager reported that the balance of the Committee's 2019/20 Capital Programme was £5,276. Members considered a bid from the Barrowford Bowling Club seeking £500 for some bowling equipment and training aid equipment.

It was reported that Blacko Parish Council wished to use the funding allocated for a basketball/netball court extension for a running track around the perimeter of the football pitch instead.

Pendle's Engineering Team had requested that the £3,000 allocated for flooding issues in the Capital Programme be used for carrying out investigations and looking at possible solutions to deal with the excess water at Clough Springs, Barrowford.

Barley Parish Council wanted to divert funding allocated to the joint footpath repairs project with Roughlee Parish Council, which had been put on hold, to the Barley Car Park project. There were unforeseen drainage works required before the resurfacing of the car park could go ahead. They were advised to submit a bid to the next meeting.

RESOLVED

- (1) That the Barrowford Bowling Club bid be considered at the next meeting.
- (2) That the 2019/20 Capital Programme be amended to allow Blacko Parish Council to use the funding allocated for the basketball/netball court extension for a running track around the perimeter of the football pitch instead.
- (3) That the £3,000 allocation for flooding issues in the Capital Programme be used for work to help resolve the issue with excess water at Clough Springs, if necessary.

REASON

To enable the Capital Programme to be allocated efficiently and effectively.
