As the weather changes and the dark nights draw in, this is going to be difficult. An outdoor shelter (tent) will solve this problem. We'd have to equip it with lighting, heating and furniture. This would need to be stored safely, requiring extra shelving in our, secure, shipping container. We will also require provision of IT equipment for members, leaders, volunteers to remain in contact, also facilitating our young people to work towards badges and research / communicate much more efficiently. We would also need to set up internet connection

8. **Main outcomes to be achieved:**

To give our young people in Beavers, Cubs and Scouts the best possible experiences which will contribute to their development in becoming confident, caring and community minded adults. The enriching environment will also equip them with the skills they need to make good decisions in life and an awareness of the world's needs.
