70. QUESTIONS ON NOTICE FROM THE PUBLIC TO THE LEADER

There were no questions from members of the public.

71. QUESTIONS ON NOTICE BY MEMBERS TO THE LEADER, A COMMITTEE CHAIRMAN OR A REPRESENTATIVE ON AN OUTSIDE BODY ON MATTERS NOT OTHERWISE ON THE AGENDA

Councillor N. Ashraf asked if the Leader supported the continuance of Area Committees allowing local councillors to deal with local matters, including planning.

In response the Leader said he supported all local representation but we shouldn't pre-judge the transformation process. The governance would be considered along with numerous other issues and it was ultimately a decision for all Councillors to make at the appropriate time.

In a supplementary question Councillor D. Whipp asked the Leader if he agreed that Area Committees provided a vital avenue for local residents to influence decisions within their local areas and that it was crucial that this important link be retained and strengthened in the future and not done away with.

The Leader said he agreed that all meetings were important for the public to be able to attend and to speak on items of interest. He said it was important that the public continue to be offered this option.

Councillor M. Iqbal asked if the Leader agreed with him that mental health of local people had suffered since the COVID pandemic.

The Leader agreed with Councillor Iqbal and thanked the public for their resilience during this difficult time. He referred to the Government's £500m investment in the Mental Health Recovery Action Plan to expand the mental health services. He said this had been a direct response to Covid and the impact of the pandemic itself. It had been aimed at certain groups most affected, such as the young and front line services. He acknowledged that the whole country had suffered but some people had suffered more than others.

In a supplementary question Councillor M. Iqbal asked what areas of work the Council's Mental Health Champion had done over the past twelve months. In response the Leader said it was not just the duty of the Mental Health Champion but a duty for all Councillors to champion the issues of mental health within our communities. He said funding had been distributed to various projects to assist with health and wellbeing.

(b) Ukraine

It was moved by Councillor N. Ahmed and seconded by Councillor S. Cockburn-Price –

The Council notes:

The horrific invasion of Ukraine by Russia and the brutality and suffering that it has unleashed. We are proud to be elected representatives of one of this country's democratic institutions. This aggressive assault on a European state that has been building similar democratic institutions over a generation threatens our common values, so we stand in solidarity with all those in Ukraine who are defending both their country and their freedoms.

The Council proposes:

As a sign of our support and commitment to the Ukrainian people, that the Ukrainian flag is raised over Nelson Town Hall.

In addition, we propose a range of pragmatic and practical steps including:

- Urgently review the Council's commissioning activity and our own supply chain to ensure that there is no exposure to Russian interests that could, in any way, help finance President Putin's regime and its aggressive policies.
- In recognition of the fact the current crisis exacerbates a number of the risks that we face as an organisation, review our position regarding our cyber security around our systems and communications.
- Ask LCC to consider the Local Government Pension Scheme's exposure to Russian assets and, where it is possible, to divest those holdings.
- Continue to monitor the current situation as it evolves so that the Council can stand ready to support a multi-agency response across the Borough and County regarding the crisis and the likely influx of Ukrainian refugees.
- Make contact with Pendle's Ukrainian residents and ask them if we can offer their families practical help.

- Continue to work closely with the Lancashire Refugee Integration Team at Lancashire County Council, which has formulated an impressive raft of support in schools, employment, safeguarding, family support and is also carrying out property checks, supported by funding from the DLUHC within Government.

Upon being put to the vote it was –

RESOLVED

Accordingly.
