7. **Brief details of project:**..... The Cricket Club has been working with the ECB for several years to secure a grant for this project to install all-weather practice nets. This training facility will allow the players to continue practicing out of season, without having to resort to the expense of hiring sports halls which are not close to the club.

The lack of such a facility has put the Club at a competitive disadvantage compared to other clubs in East Lancashire.

The total external cost of the project is £29,495+VAT (see attached), of which £20k will be secured from the ECB and £6k has been raised so far from the Club's own resources. It is envisaged that the Club will raise the balance of the funds (~£1.5k), after the Colne Area grant is hopefully received, from social events e.g. bonfire night & Christmas.
8. **Main outcomes to be achieved:**..... Out of season practice facilities will benefit the players of the main and junior squads to enhance performance and team-building

11. **Is there match funding for the project from elsewhere?** Yes
If so, please give details: See above re the ECB and the Club's own resources
12. **Are there long-term revenue consequences and how will these be funded?**
No long-term consequences. Maintenance is the responsibility of the Cricket Club.....

****Please note that grants inclusive of VAT will only be awarded where the organisation is not VAT-registered and is unable to reclaim VAT***
