12.	Think we should play to Colne`s strengths of `Historic` and `Market Town` which were identified as positives for our town in Colne`s Neighbourhood Plan and would be self-explanatory. So I think the PBC suggestion: - "Market Town since 1120" and also following suit, "Historic Market Town" with or without date would be appropriate. Again, emphasising the historic character of Colne, "Follow our Town Heritage Trail" Change of theme to that of culture, "Three Theatres and Community Cinema" and of course reference to the fantastic Blues Festival, "August Music and Blues Festival" or "Home to British Blues Festival" Acknowledgement to the businesses in Colne, "Visit our Independent High Street"
