Introduction

This Corporate Plan sets out our ambitions and priorities for the next four years. It outlines what we want to achieve and how we intend to do it. It builds on our Strategic Plan for 2020-2023, and includes key developments such as the Nelson Town Deal, which was identified in the refresh of the previous Strategic Plan, in 2021-22.

This Plan has been developed collectively by councillors, the Corporate Management Team and staff across the Council. In summer/autumn 2022, working with our creative partners, we asked local people for their priorities for the area.

Our survey, *This is Pendle*, reached across Pendle's towns and villages, and built on the findings from the *Life in Pendle* survey of 2021. We also met with key partners, including our business community and community and voluntary organisations, to find out what was important to them.

Engaging with our communities and key partners in a conversation has helped to define our overall priorities, as outlined here. The Corporate Plan is not an exhaustive list of everything we will be doing in the next four years. It sets out the critical activity for the Council and ensures this activity is focused through our governance and performance arrangements.

We have developed and outlined here how we intend to deliver this Plan on a number of levels, as follows:

Introducing Pendle

Pendle is a district borough in the far east of Pennine Lancashire, bordering North and West Yorkshire.

Population in Numbers

According to the 2021 Census, 95,757 people live in Pendle:

- 48,396 are female (50.5% of the population) and 47,361 male (49.5%)
- 20.1% (19,271) are children aged under 15
- 61.9% (59,239) are adults aged 15 to 64 and 18% (17,243) are aged 65 and over
- 5.5% are aged 20 to 24, 12.6% are aged 25 to 34
- 2.1% (2,024) of the resident population are 85 and over
- 26.7% of residents are Asian, Asian British or Asian Welsh

Pendle is the 36th most deprived area out of 317 districts and unitary authorities in England (from the 2019 Indices of Deprivation). This is up from 42nd in 2015. Pendle is the 5th most deprived district in Lancashire. The deprivation picture varies significantly within Pendle, as eight of 20 wards are in the top 10% most deprived areas in the country. Two are in the least deprived 10%.

Business, Jobs and Pay

The Office of National Statistics (ONS) tells us:

- there are 2,965 businesses in Pendle - 89% of these are micro (up to nine employees) and one in ten Pendle businesses are in the manufacturing sector.
- nearly half of Pendle's new businesses are still going after five years and Pendle has a 48.1% five year survival rate - this is higher than the UK (44.1%)
- nearly three in ten jobs in Pendle are in the manufacturing sector, which is significantly higher than the national figure of 8%
- in contrast, there are fewer professional jobs in the area (4% Pendle vs 9% across the UK)

- median weekly pay in Pendle is £477 compared with £578 across the North West and £613 for Great Britain
- one in ten working-age people in Pendle claim out-of-work benefits – this is higher than the national figure of 8.4%
- two thirds of Pendle adults are in employment, which is lower than the North West (73%) and UK (75%).

Health and Wellbeing

According to the Public Health England Local Authority Health Profile 2021:

- life expectancy in Pendle is lower than the national average. Males in Pendle are expected to live to the age of 78, whilst females are expected to live to the age of 81
- cardiovascular disease mortality rates in Pendle are three times higher than England
- One in five Pendle residents have a limiting long term illness or disability: 21% in Pendle compared with 18% nationally
- 63% of Pendle adults are physically active compared with 66% nationally; 65% of Pendle adults are classified as overweight or obese.

Living in Pendle

Pendle is the happiest place to live in East Lancashire, according to data from the Office for National Statistics (ONS). The ONS conducted a survey and asked people to rate their happiness in the 12 months up to March 2022. Those surveyed were asked to rate their life satisfaction, happiness and anxiety levels out of 10. According to the data, Pendle scored a rating of 8.1 out of 10. It also ranked the best for life satisfaction (7.98), a feeling that things are worthwhile (8.17) and anxiety levels (2.28).

Pendle is the happiest place to live in East Lancashire, according to data from the Office for National Statistics (ONS).

This is Pendle

This community engagement programme gave us some rich data about the views and priorities of local people. In the survey, the first words residents would use to describe Pendle to a friend was most likely to be about countryside and green spaces. This positivity reflects the findings that:

- 60% of Pendle residents are satisfied with their local area as a place to live and they feel countryside and clean streets make somewhere a good place to live
- however, clean streets are also the area residents feel are most in need of improvement and some residents feel people in the community should take more pride in their local area.

From the survey and engagement sessions across Pendle, the top six themes residents suggested as priorities for the Corporate Plan were:

- Roads and transport
- Business and jobs
- Community safety
- Planning/ protecting green land
- Clean streets
- Council organisation related

These themes have been incorporated into this Corporate Plan.

Our Vision

Pendle: A richly characterful place with ambition, opportunities and strong connections.

Pendle Borough Council: Working to deliver an approachable, responsive and efficient Council that aims to foster happy communities thriving in an economically ambitious and sustainable way.

Our Priorities

We will deliver the Vision for the borough and the Council through four key priorities:

OUR

Proud and Connected Communities and Places

Healthy Communities

Good Growth

Modern and Responsive Organisation

PRIORITIES

Priority 1: Proud and Connected Communities and Places

Our ambitions

- Engage with and support our communities, working with key partners, including Lancashire County Council and our Town and Parish Councils, particularly in these challenging times
- Encourage and foster community pride for a safer, cleaner and greener environment
- Continue to work with our local Community Safety Partnerships and communities to tackle any issues to keep us safe and feeling safe
- Protect our parks and local environment by taking pride in our green spaces and surroundings
- Continue to develop our digital connections and seek to increase community confidence in accessing services online

What we will do

- ✓ Bring partners together to shape a programme to deliver better outcomes in our communities and offer support through the cost of living crisis, to build independent, confident communities
- ✓ Develop proposals for the Leeds & Liverpool Canal to bring life into this corridor and promote active travel by bike and on foot
- ✓ Deliver a connectivity and accessibility plan including a campaign to actively influence the reopening of the Skipton to Colne railway, working in partnership with Skipton East Lancashire Rail Action Partnership (SELRAP)
- ✓ Refocus the Council’s Climate Change Plan to enhance delivery
- ✓ Provide a Pendle voice in the developments for a County devolution deal and delivery of Lancashire 2050, a strategic framework for Lancashire
- ✓ Enhance biodiversity, including designating Gib Hill as a Local Nature Reserve for the borough
- ✓ Deliver behaviour change campaigns to encourage responsibility and pride in local communities, including picking up litter and taking care of our parks
- ✓ Continue to work with partners in our local Community Safety Partnership to improve the safety, and sense of safety, for our residents
- ✓ Develop a new cemetery site, to enable key community provision for people into the coming decades

Ensuring we deliver

The Council uses a Performance Management Framework to ensure it is delivering on its priorities. Every quarter, progress will be reported on how the Council is implementing its actions and milestones using a green-amber-red rating system.

The reports will set out the reasons for slower progress and the actions the Council is taking to address this, alongside highlighting the progress that is being made and where actions are progressing to plan.
