ISSUE

Premises Improvement Grant Scheme: Background

1. All businesses within the Nelson and Brierfield town centre boundaries are eligible for a Premises Improvement Grant. The Grant programme aims to improve the overall appearance

of the town centre by assisting businesses to improve premises and encourage the take up of vacant properties.

2. The Grants Scheme is a tool used to encourage private investment in town centre buildings; the outcome of this investment is an aesthetic improvement to the town centre and in turn increases retail and public confidence in the area. The Grants can encourage the use of vacant buildings as they can reduce the overall cost of changing the exterior of the building to suit the needs of the incoming business.
3. All business premises within the defined town centre boundary are eligible for a 50% grant up to a maximum of £3000, for improvements to their premises. Premises Improvement Grants are administered by Economic Development staff. The Economic Development Team supports the applicant throughout the application process.

Premises Improvement Grants summary - Nelson

1. Nelson received six enquiries during 2023/24. Four of which were eligible and two didn't fulfill the criteria.
2. Due to the Area Committee's decision at the start of 2023/24 year to not allocate funding for this Scheme, no enquiries were able to proceed to application.
3. Nelson continues to show healthy interest in the Grant Scheme, if more funding is required due to further applications in the next year of 2024/25 the Economic Development Team will then provide a further report request such.

Premises Improvement Grants summary - Brierfield

1. Brierfield received one enquiry in 2023/34, which was out of the criteria area.
2. Brierfield had no applications for 2023/24 but due to the Area Committee's decision at the start of 2023/24 year to not allocate funding for this scheme, no enquiries would have been able to proceed to application.
3. On average it would be expected by the team to process two applications in a year for Brierfield
4. Brierfield continues to show moderate interest in the Grant scheme, if more enquiries are received than expected and more funding is required due to further applications in the next year of 2024/25 the Economic Development Team will then provide a further report request such.

Request for both towns

1. That Committee agrees to a funding allocation of £15,000 for 2024/25 which will support five applications from businesses in Nelson and Brierfield town centres.

All towns will continue to be targeted though our digital newsletter in promotions and the Economic Development Team have received enquiries across Pendle.
