## **5. Update on the Nelson Long Term Plan**

Claire Bennett advised the Board that following the confirmation from Government on the 17<sup>th</sup> July of the suspension of the submission date of the 1<sup>st</sup> August for the Investment Plan, and with no further update, that a letter had been sent on the 16<sup>th</sup> September to the Deputy Prime Minister (copy attached) and a response had been received on 19<sup>th</sup> September (copy attached).

The Board agreed that the success of the Consultation had raised expectations within the local community and that all the good work that has been invested so far should not go to waste.

It was agreed that a Communication Strategy looking at the various high/medium and low risk case scenarios should be drafted with a key message around each.

A report is to be submitted to the next Board meeting advising what resources are currently available and what could be achieved with these resources to keep the momentum going.

A press release will also be issued prior to the next Board meeting with a letter to update key stakeholders and those involved in the consultation.

Claire Bennett will speak to the Chair of Burnley Long Term Town Plan regarding further lobbying.
