PURPOSE OF REPORT

To advise members on the Committee's 2024/25 area committee budget.

RECOMMENDATIONS

- (1) That members note that only the schemes listed in Appendices 1, 2, 3, 4 and 5 have agreed funding
- (2) That members note that electorate area allocations are shown on separate tables underneath Appendices 1, 2, 3, 4 and 5

REASON FOR RECOMMENDATIONS

- (1) To enable the area committee budget to be allocated efficiently and effectively.

ISSUE

Unspent 2023/24 Funds Carried Forward

1. This is £23,040 (£4,390 Barnoldswick plus £18,650 Earby), which is under the permitted cap of one year's budget (ie £31,490). In addition, £101 remains from the unallocated 2022/23 budget.

Total funds to carry forward: £23,141.

Uncommitted Balance from 2023/24

2. This is £0.00.
 - Barnoldswick balance: £0.00.
 - Earby balance: £0.00.
 - Coates balance: £0.00.
 - Kelbrook & Sough balance: £0.00.
 - Salterforth balance: £0.00.

Allocation for 2024/25

3. This is £31,490 split by electorate areas. This is:
- Barnoldswick allocation – 50.6% = £15,933.94.
 - Earby allocation – 24.8% = £7,809.52.
 - Coates allocation – 13.2% = £4,156.68.
 - Kelbrook & Sough allocation – 5.9% = £1,857.91.
 - Salterforth allocation – 5.5% = £1,731.95.

Effective Allocation for 2024/25

4. £31,490.00 plus the unallocated £101 from 2022/23 = £31,591.

Financial Advice

7. The budget carry forward is capped at a maximum of one year's budget, ie £31,490. If the Committee has more than £31,490 unspent at the end of the year, it will need to use the following year's budget to make good the difference. See Financial Implications below.

Please refer to the financial implications section of this report. Bids for new funding should be submitted on the usual forms (Form A for internal bids and Form B for external bids) in order that members can evaluate them on a consistent basis.

IMPLICATIONS

Policy: The area committee budget is required to be allocated and managed in accordance with the Council's Corporate Capital Strategy 2021/24.

Financial: At the Council meeting on 29 September 2022, councillors resolved to move the area committee capital programme budgets to revenue.

- The budget allocations for each committee remain the same.
- Applications no longer require sign off by Financial Services in order to proceed.
- Awards can be made for schemes which are either revenue or capital in nature so capital schemes can still be funded.
- Capital schemes may incur additional charges for internal services, eg Engineers' costs in delivering the scheme.
- Wherever possible, all payments should be made in the year of the budget award by 31 March.
- The cap on budget slippage still applies and any slippage will need to be agreed by the Council in line with Financial Regulations.
- No more than one year's worth of budget can be rolled forward into future years.

A list of good practice in the allocation of funding has been proposed by the Council's Director of Resources in order to assist members when considering the allocation of the budget. This list is as follows:

1. Allocate reasonable amounts to projects early to allow for effective planning and implementation.
2. Look for opportunities to maximise the effectiveness of the allocation through match funding.
3. Consider allowing some contingency for projects that may be presented during the year.
4. Try to avoid allocation of funds at the end of the financial year.
5. Consider the revenue consequences of capital schemes in terms of ongoing cost.

Legal: There are legal implications for a number of the proposals listed above in terms of necessary permissions, agreements and possible long-term liabilities and responsibilities.

Risk Management: The area committee budget is required to be allocated and managed in accordance with the Council's policies and procedures. The proper management of the programme is intended to minimise any exposure to unnecessary risk associated with the programme and the individual schemes within it.

Health and Safety: The implementation of the programme has associated risks in terms of health and safety. The Council is required to meet all relevant legal requirements for the effective management of health and safety risk and has policies and procedures in place to ensure health and safety standards are maintained.

Climate Change: Some of the schemes identified will encourage the reduction of carbon emissions such as traffic calming schemes and cycle facility provision.

Community Safety: A number of the schemes listed above have implications in terms of community safety. Wherever possible, the projects are managed in a way that enhances community safety.

Equality and Diversity: The area committee budget is required to be allocated and managed in accordance with the Council's policies and procedures, including those relating to equality and diversity.
