

**REPORT FROM: HEAD OF ECONOMIC GROWTH**

**TO: WEST CRAVEN COMMITTEE**

**DATE: 3 DECEMBER 2024**

**Report Author: Tricia Wilson**  
**Tel. No: 661051**  
**E-mail: tricia.wilson@pendle.gov.uk**

## **ENVIRONMENTAL BLIGHT**

### **PURPOSE OF REPORT**

To report any new environmental blight sites and provide updates on existing sites.

### **RECOMMENDATION**

(1) That members note the report.

### **REASON FOR RECOMMENDATION**

(1) To deal with environmental blight in the area.

### **ISSUE**

1. The definition of environmental blight is:
  - Untidy/derelict piece of Council land requiring tidying up.
  - Untidy/derelict piece of unregistered land requiring tidying up.
  - Untidy/derelict piece of Council-owned or unregistered land which needs a scheme to regenerate the site (eg a former garage colony converted to a landscaped parking area).

Private pieces of land requiring tidying are best not dealt with under environmental blight as they may require enforcement. These should be reported to Planning and Building Control to be included on the Problem Buildings list for Section 215 enforcement if the problem is persistent.

2. Any new sites should be reported to Tricia Wilson (tricia.wilson@pendle.gov.uk) including a contact name and contact details, exact location and a brief description of the site and the problem.
3. Plans and photographs of the sites will only be included for new sites unless clarification is needed.
4. Please see table below for progress made on West Craven environmental blight sites.

Site	Owner	Issue	Area Committee Resolution	Current Position
a) West Close Road Lorry Park	Pendle Council	Site added to Environmental Blight list for monitoring purposes in January 2020	Site to be monitored due to fly-tipping	At the June meeting it was reported that the new drain installed by LCC at the corner of West Close Lorry Park was blocked and that fly-tipping continued at the Lorry Park outside the gates of the Household Waste Recycling Centre  PBC officers have now built a good relationship with the LCC HWRC leads and they are working well together to address the past problems of fly-tipping. The site is physically visited on Thursday and Friday every week and officers have reported no fly-tipping issues on recent visits. The drainage issues are also being monitored  Operational Services has recently purchased a camera with funding from the WCAC budget which can be located at West Close Lorry Park Car Park on a regular basis. This should help address the fly-tipping issue further

## IMPLICATIONS

**Policy:** None arising directly from the report.

**Financial:** No new financial implications arise from the recommendations in this report. There is no budget allocation specifically for environmental blight sites and therefore any financial implication needs to be met from existing resources.

**Legal:** None arising directly from the report.

**Risk Management:** None arising directly from the report.

**Health and Safety:** These issues will be considered when the schemes are progressed.

**Sustainability:** This will be considered for each individual scheme. Long-term maintenance may be an issue.

**Community Safety:** This will be considered for each individual scheme.

**Equality and Diversity:** This will be considered for each individual scheme.

## APPENDICES

None.

## LIST OF BACKGROUND PAPERS

None.
