

Dear Neighbours,

I would like to invite you to an informal meeting to discuss the idea of organising 'playing out' on our street – part of a pilot project with Pendle Borough Council. This would involve applying to the Council and closing the road to through traffic for a few hours, either after school or at the weekend, to give our children a chance to play out together safely, and for neighbours of all ages to get together. We parents would be responsible for our own children and neighbours would still have car access to the street.

Already, both Pendle Council and Lancashire County Council have indicated their broad support for Playing Out in Colne, Trawden, Lanesshaw Bridge and Foulridge.

If you would like to talk about this idea, please come along to X on X at X.

I am keen to get as many views as possible, so we can try to reflect the street's wishes in whatever is agreed. If you have comments, questions or concerns at this point, do let me know.

If you would like to contact me, please do on X.

Best wishes,

www.playingout.net
