4.
 - a) **Does your organisation have a constitution?** Yes
 - b) **Does it have a board of governors/directors or a committee that oversees its work?** A Committee
 - c) **Does your organisation have its own bank account?** Yes
 - d) **How many signatures are required to authorise a payment from your bank account?** 2 signatures required
 - e) **Bank account details (for BACS payment)**
Virgin Money. Sort Code 05-03-83. Account Number 34663407
5. **Is your organisation VAT-registered?*** No
6. **Amount requested:** £850 incl VAT
7. **Total amount of project:** £1,500 incl VAT
8. **Is there match funding for the project from elsewhere?**
If so, please give details: We are fundraising by holding raffles, £121 has been raised so far, with a New Year's Eve raffle being held. We estimate Dales View Park Residents Association could top up raffle funding to £650 with a contribution from our balances. We have also approached the local Masonic Lodge and Salterforth Parish Council for a donation/funding. We do not know if these will be successful as we've not heard back from them. We will need to cover the cost of electrical installation and have the relevant permission from the landowner.
9. **Brief details of project:**
We are a community for over 45 years of age, though most are retired. Currently there are 98 homes on the park, with planning permission for several more. We are situated over a mile from the centre of Barnoldswick and nearest defibrillator. Our aim is to provide a community defibrillator with easy access to all residents. BHF recommend that you should "be able to access equipment within a 2 minute brisk walk. We would place the defibrillator in our library which is a central to the homes. It would be housed in a heated cabinet to keep it at the required temperature. This will require an electricity supply.

10. Main outcomes to be achieved:

Having a defibrillator on site could provide additional minutes and help to increase the chance of surviving a heart attack while waiting for emergency services to arrive and could save lives

11. When will project be implemented? As soon as total funding is available

Start Date: TBC

Expected Completion Date: TBC

12. Who will undertake the project works?

Dales View Park Residents Association Committee

13. Are there long-term revenue consequences and how will these be funded?

There is a yearly maintenance cost of approximately £100, this can be met from residents subscriptions collected annually.

****Please note that grants inclusive of VAT will only be awarded where the organisation is not VAT-registered and is unable to reclaim VAT***
