Members were reminded of the legal requirements concerning the declaration of interests.

Members' attention was also drawn to the requirements of the Council's Code of Conduct relating to the disclosure of Other Registrable Interests and Non-Registrable Interests.

**31.                                              PUBLIC QUESTION TIME**

A resident from Nelson spoke on behalf of residents of Bradley Road East asking for the Committee's help in solving a parking issue caused mainly by 2 local garages parking their vehicles on the street. She had also been in touch with County Councillor M. Iqbal and J. Hinder MP.

It was noted that their recent application to LCC for residents only parking had been turned down as it was below the usual minimum number required. As there was no form of appeals process for residents permit parking schemes which had not met the minimum criteria residents were asking for the Committee's support.

Residents also requested assistance in them acquiring a small piece of land, shown on the map, which was circulated at the meeting, to create a community garden at the end of 1 Bradley Road East, so they could keep this land in good condition for the benefit of local residents. Also a small area for allotments. This would require the acquisition of land from the developers who had just bought the land off Bankhouse Road from Pendle Council.

## **RESOLVED**

That a report come back to the next meeting on the legal and policy implications of the committee supporting the request for residents only parking on Bradley Road East and permission to acquire 2 small pieces of land off Bankhouse Road which had recently been sold to a developer.

### **(a) Applications to be determined**

The Assistant Director, Planning, Building Control and Regulatory Services submitted a report of the following planning applications for determination -

**26/0250/HHO Full: Erection of a two-storey extension to the rear at 106 Regent Street, Nelson for Nasira Bibi**

*(Before the vote was taken, the Principal Planning Officer advised that a decision to approve the application would represent a significant departure from policy. The proposed extension would breach the 45 degree rule in relation to a habitable room window in the neighbouring property, resulting in an unacceptable overbearing impact, which would represent a significant departure from policies DM16 and DM24 of the Pendle Local Plan Fourth Edition and the Design Principles SPD. The matter would therefore be referred to the Head of Legal and Democratic Services and subject to his agreement the decision would stand referred to the Development Management Committee.)*

## RECOMMENDATION

### **44. LOCAL GOVERNMENT ACT, 1972**

In accordance with the provisions of Section 100 (B)(4) of the Local Government Act, 1972, as amended, the Chairman agreed that the following item should be considered as a matter of urgency, the ground being that this Committee's comments are to be reported to the Executive on 23<sup>rd</sup> July so that the Pride in Place Impact Fund and UK Shared Prosperity Fund could be spent within the required timescale.

### **45. PRIDE IN PLACE IMPACT FUND & UK SHARED PROSPERITY FUND**

The Committee was asked to consider changes to the Pride in Place Impact Fund Programme for Brierfield and unspent UK Shared Prosperity Funds (UKSPF) for a schedule of works set out in the report.

In Brierfield the projects included Sackville Street recreation facilities; Taylor Street recreation facilities, the wider Civic area and the Town Hall. A variation request had been made to reallocate the £12k for lighting within the Civic Square area and use it to expand the scope of public realm works in Sackville Street and for investments to the public realm at Railway Street.

All existing scheduled public realm works funded by UKSPF in Brierfield had now been completed and there remained £22,584 unspent. It was proposed the combine this funding with the PIPF to fund the additional public realm works in Brierfield.

## **RECOMMENDATION**

That the Executive be requested to use the £12k currently allocated for lighting within the Civic Square area along with unspent UKSPF funds of £22,584 for the schedule of works for Sackville Street and Railway Street as set out in the report, with the exception of works on Guilford Street which were being funded by Brierfield Town Council.
